ESCAPE THE ORDINARY

2015 ALL-INCLUSIVE RIVER CRUISE COLLECTION

DANUBE | RHÔNE & SAÔNE | RHINE | MAIN | MOSELLE

Welcome aboard

Introducing David Morris International and A-ROSA Cruises

David Morris International (DMI) is proud to represent, market and manage A-ROSA Cruises throughout the U.S., Canada and Australia. With more than 30 years executive level experience working in the luxury cruise industry, DMI introduced A-ROSA's European river vessels in 2013 to the North American market. A-ROSA was founded in 2000 in Germany and operates 11 river vessels throughout Europe. A-ROSA's migration to the North American market raised the bar on the definition of "all-inclusive" European river cruising. Distinguishing itself from the competition, A-ROSA continues to offer their guests a true "escape from the ordinary".

Why a river cruise vacation?

SEE THE HEART OF EACH COUNTRY

Unlike cruise ships that sail around the shores of Europe, river cruises take you directly into the villages, towns and cities along the interior rivers to the birthplaces of many countries. No need to wait for a transfer as most ports you will walk right off the vessel and into the culture, history, sites and tastes waiting for you just a few steps away.

RELAX, UNPACK AND MAKE YOURSELF AT HOME

Hotel stays require you unpack and pack every time you want to see a new location, never allowing you to really relax with the comforts that await you on a river cruise. Unpack and pack once and visit a new destination every day without the usual upheaval of changing hotels. You may wake up in a medieval village, a city world renowned for the arts or perhaps an epicurean's dream. Every morning unveils a new place to explore and treasured experiences yet to be revealed.

SENSITIVE TO MOTION?

The rivers of Europe are more like cruising a placid lake, free of rolling and pitching waves. It is the perfect solution for those who find car, bus or ocean motion makes them queasy and unable to enjoy their valuable vacation time.

UNCROWDED AND UNCOMPLICATED

A-ROSA's vessels carry an average of only 175 guests, thereby eliminating long lines to embark and disembark. The staff know your name by the second day and there's always a place to sit. The ambiance onboard is relaxed, casual and friendly.

Now more choices in 2015!

You choose what to drink

Instead of wine only at lunch or dinner, you choose from a full bar menu from mixed cocktails, fine regional wines and spirits throughout the ship in all venues, all day with A-ROSA's Open Bar policy, plus all sodas, coffee, tea, juices and bottled water.

You choose what shore tours to take

Excursions are not assigned to you as they are other riverboats. On A-ROSA, you receive a 200 euro onboard credit (equivalent approximately $280 USD) to choose those excursions best suited to your interests and lifestyle. We believe this is not a "one size fits all" decision and you should be in control of your vacation.

You choose how to enjoy dinner

There are sumptuous buffets with preparation stations for you to enjoy in the dining room or al fresco on the top deck. Casual and comfortable is your definition of a great dining experience. Or perhaps you enjoy a served dinner service with delectable cuisine, surrounded by fine linens, crystal and china in a semi-private environment. Whatever you decide, you can design the perfect setting for you.

Complimentary stateroom amentites

Your new home away from home provides bottled water, flat screen TV, complimentary use of robes and slippers while sailing and plenty of storage.

Life onboard A-ROSA

Prepare your palate for a whole world of exquisite flavors

A-ROSA provides many ways to please your palate with spices and specialties of the many regions you will visit. Our cooking stations let you customize your breakfast and lunch selections, while dinners are an event to please even the most educated palate. Courses are paired with a wonderful selection of wines to bring out the best in each. The dining rooms reveal a synergy between the vibrant colors of the landscape and the delicious food on your plate with many locally grown and harvested ingredients. The summer-time outdoor barbecue parties are always fun and are a culinary celebration of the easygoing lifestyle onboard A-ROSA.

Pamper yourself while never losing sight of the panorama

After a busy morning of touring, take some time to think about yourself and indulge in the fabled SPA-ROSA. Because guests have very different ideas when it comes to perfect pampering, A-ROSA offers a wide range of choices to make your spa day-dreams come true. A-ROSA's expert spa and beauty team is waiting to greet you: treat yourself to a Lomi Lomi Nui massage, attend the yoga class or warm your muscles in the sauna with a panoramic view of the landscape. If walking the town wasn't enough exercise, you can continue in our well-equipped gymnasium with modern cardio equipment. If desired, you can also work out with a personal trainer who can put together an individual training plan for you.

The sun deck – you'll never want to come back inside!

Time on the sun deck can be measured in sunsets, laps in the pool, glasses of wine or the number of new friends you've made. But for most, time just stands still as you take in Europe's fabled towns and picturesque countryside from your chaise lounge. Then again, time may fly during an exciting shuffleboard or giant chess game or even practice your putting game. What really matters is that you take all the time in the world to do whatever you want. The motto topside on the sun deck is "anything is possible, but nothing is required… just enjoy."

An active lifestyle awaits you on A-ROSA – embrace the possibilities

By *escaping the ordinary* you release yourself from that which you expect and let life show you all it has to offer. A-ROSA is the perfect venue for living life to its fullest, providing an environment which lets you decide just how adventurous or active you want to be. Bike through ancient Roman towns or hike Germany's Black Forest. Kayak near peaceful shores, perhaps with swans, geese and ducks or accompany the chef as he/she shops the local markets. Whatever you choose to do, you will know that you didn't just take a tour… you experienced Europe to the fullest.

Danube cruises

Bratislava

Budapest

The word "Danube" inevitably conjures up the classical melody by Johann Strauss II, the *Blue Danube*. However the smooth flow of the notes is soon eclipsed by the beauty, history and culture of the Danube River and its many UNESCO World Heritage Sites. Highlights include the spectacular Melk Abbey, up the hill to see the Esztergom Basilica, the historical city center of Bratislava, an evening concert in Vienna's Hofburg, the old Residence in the heart of the city, the world-famous Lipizzaner horses at Vienna's Spanish Riding School or a visit to the stunning Salzburg, the City of Mozart.

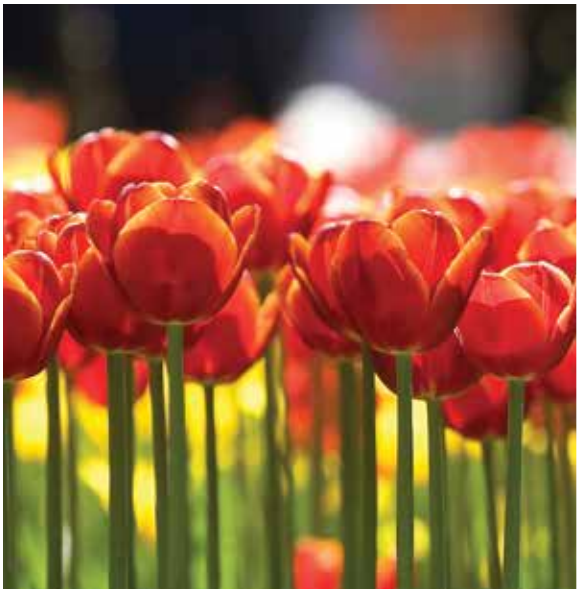
Rhine cruises

Ghent



The Rhine River flows through some of the most picturesque scenery of Europe and some of the best wine growing regions in Germany. The Loreley Valley is rich with vine-covered hillsides, magnicent castles and a window into the past where little has changed in hundreds of years. Visit the famous Black Forest or perhaps a stroll through the half- timbered houses of Strasbourg and see storks making their huge straw nests atop the chimneys surrounding the city. Or transit from the Rhine through the inland waterways and canals of Belgium and the Netherlands for a different view into this beautiful area of windmills, chocolate and waffles.

Things to know before you go

Air conditioning: Just like the entire ship, your cabin also has air conditioning. The cabin temperature can be individually adjusted. When you open the balcony door, the air circulation unit is automatically switched off.

Animals: It is forbidden to take animals on board the ships.

Announcements: Loudspeaker announcements can be heard on deck, in all public areas and in the cabins (via onboard TV) and are mainly made prior to shore excursions and important events.

Bars: The Bars are located on deck 3 with some ships having an additional outdoor bar situated on the sun deck. The current opening hours can be found in the daily program in your cabin.

Bathrobes: All staterooms are provided with bathrobes and slippers.

Bicycles/Biking: To sign-out a bike or for more information on the biking excursions, please contact our SPA department or ask at the Reception Desk.

Clothing: During the day, feel free to wear what you like. Dress code is comfortable and casual. Please remember to bring warmer clothes for the evenings out on deck. For shore excursions, we recommend you bring sturdy shoes. Elegant casual wear is appropriate for the evenings; jackets optional.

Connecting doors: The A-ROSA SILVA, VIVA and FLORA each have two connecting cabins with connecting doors on every deck. These can also be used as family cabins. For the exact cabin numbers, please call the A-ROSA Reservation Center 855 55A-ROSA. The A-ROSA STELLA and DONNA do not offer connecting cabins.

Customs tariff regulations: Please observe the valid customs tariff regulations when importing and exporting goods and foreign currencies.

Daily program: For all important information and instructions, please see your A-ROSA Journal which will be placed in your cabin the night before.

Deck chairs: On the sun deck you will find deck chairs and a sun canopy. In the interest of all passengers, please don't reserve deck chairs. Woolen blankets for cooler weather on deck can be found in your cabin.

Doctor: There will be an on-board doctor traveling on all itineraries to the Danube Delta. On all other itineraries, we can guarantee medical treatment thanks to the infrastructure of the travel region.

Drinking water: The water on board is potable.

Electricity: The on-board voltage is 220 V/50 Hz. A dual voltage 220/110 V socket for electrically operated razors and toothbrushes can be found in the bathroom. It is not suitable for other electrical appliances. In the cabin, there are also several other sockets (220 V) that can be used. It is advisable for guests to take converters/adapters on the cruise, however in the event you have not; there will be a limited number available at the Front Desk.

Excursions: Almost all ports of call are starting points for interesting shore excursions. Shore Excursions will be available for review online at www.arosacruises.com no later than six months prior to sailing. Individual requests for tours are completed onboard, while some groups may select excursions for the entire group in advance. Please ask your Travel Agent or A-ROSA Cruises for complete details. Please also make use of the onboard Informational talk on the first evening. A-ROSA is only acting as an agent for the excursions offered. The local agencies will act as tour operators to organize and accompany the excursions.

Onboard Inclusive Meals: Sailings vary, but generally includes an embarkation snack, delicious and well balanced breakfast buffet, an extensive lunch buffet, and a served dinner or buffet in the

evening. Reservations for served four-course dinners may be requested onboard through the Reception Desk. Many cruises also include seasonal extras, such as sandwiches, pastries or a midnight snack.

Going ashore: In the EU countries, you can leave the ship as soon as we dock. In non-EU countries, you can only leave the ship after permission is granted by the local authorities. In your own interest, we request that you are back on board no later than 30 minutes before we cast off. The docking times may change with short notice. Please pay attention to announcements and information in the daily program.

Hairdryers: A hairdryer can be found in your cabin in one of the desk drawers near the mirror.

Insect screens: For protection against insects, an insect screen in the form of a roller blind is attached to the outside of the balcony door. When operating the roller blind, please ensure you exert equal force distribution in order to prevent it from getting stuck. It can be locked at the bottom.

Internet: On board the A-ROSA ships, you have the option to connect to the Internet using our Wi-Fi. All guests may use the Internet connection free-of-charge in accordance with the conditions for use. For more information on availability, password and conditions for use, please ask at the reception.

Itinerary: You can find the planned itinerary in the brochure or online at www.arosacruises.com. The information is subject to change. High tide and low tide, maintenance work and waiting times at locks and bridges due to shipping traffic may result in short notice changes to the itinerary. In rare cases of extremely high or low tide or force majeure, parts of the itinerary may have to be completed by bus or train and in very rare cases overnight stays in hotels may be necessary.

Key card: This card is your A-ROSA key and credit card. Please always carry your key with you. In case of loss, please notify the reception immediately.

Laundry: In your wardrobe closet, you will find laundry bags and order notes for our laundry service. This will be charged to your on-board account. Guests in our Junior or Balcony Suites on board A-ROSA SILVA and FLORA are provided laundry service free of charge.

Library and party games: You will find a small library near the reception. A selection of party games is held at the reception or in the day lounge.

Mail: Postcards and letters can be handed in at the reception. The mail will be sent from the next port.

Methods of payment: The on-board currency is euros. During the cruise, you can use your onboard credit card on the ship and this also acts as your cabin's key card. At the end of the cruise, you can pay your final bill either in cash, with traveler's checks (in euros) or with the following credit cards: American Express, MasterCard and Visa.

Money changing: Unfortunately, there are no on-board money changing facilities. However, bureaux de change can be found in the direct vicinity of our docking locations.

Mooring area: In some towns, it is usual for the port authorities to assign several ships the same mooring area due to the large volume of shipping traffic. In such cases, the ships are moored next to each other and you may not be able to see out of your cabin properly. Unfortunately, A-ROSA has no influence over this.

On-board language: English is the language onboard as well as the daily programs. Public signage is in English and German.

Things to know before you go

Sun deck: When passing under low bridges, depending on the water level you may sometimes be required to leave the sun deck for safety reasons. Please pay attention to the crew announcements and the information signs.

Telephone: The ships of the A-ROSA fleet are equipped with a modern GSM telephone system which enables you to make phone calls worldwide via direct dialing. You can find information on the rates at the Reception Desk or in the on-board information in your cabin.

Tipping: Gratuities are included in the cost of the cruise, however many guests ask how they can provide something extra for exceptional service. Of course, it is entirely at your discretion whether you wish to give tips and how much you wish to give. At the end of the cruise, you will find a tip box for the entire crew at the Reception. Others prefer to give the employees individual tips or pay them through your on-board account. Added tipping is a personal choice and not required.

Transfer: Optional transfers to/from the airport are available upon request.

TV programs: From the flat screen TV in your stateroom, TV reception is via satellite. While passing through locks and on certain parts of the journey, you may experience interference with the reception. A variety of English-speaking programs are available for your entertainment and information.

Wake-up calls: Of course, you can program wake-up calls into your cabin telephone. You will find a description on the back of the onboard ABCs information located in your stateroom. Reception will also be happy to give you a wake-up call.
