A floating luxury hotel that leaves no wish unfulfilled; wide panoramic windows, spacious magnificence and timeless elegance – we want you to feel good with us in every possible way. Our top priority in designing our luxurious fleet of ships is to offer you inspiring enjoyment and uncompromising comfort.

Cordial, personal, attentive: our onboard service

We have almost turned our distinctive Austrian hospitality, which underpins all our cruises, into an exclusive trademark. Allow yourself to be thoroughly spoiled by our attentive staff members, who will do their best to serve you with what you want before you've even asked for it!

Welcome to the family

Have confidence in our thirty-plus years of experience as river cruise specialists. As a family company, we recognise the importance of having space where people feel at home and can relax completely. Precisely for this reason, we set great store not only by providing excellent service but also by creating a personal and cordial atmosphere on board. Our aim is to make you feel part of the AMADEUS family even before your cruise begins!

Tailor-made excursions

We let you choose how to spend your leisure time aboard our ships. So you can either book all our shore excursions as an attractively priced package or pick and choose them, as it were, à la carte. Perhaps you've already been to Vienna and would rather spend the time loafing around in its famous coffee houses? You've been up and down Amsterdam's canals and would rather immerse yourself in the Van Gogh museum? You can compile your personal excursion programme well before your cruise starts and that way save money. And if you would rather explore these exciting big European cities at your own pace, we recommend our onboard concierge service, whose staff members will always be at hand to give you supportive hints on how to plan your individual forays ashore.

- **Guaranteed prices:** Our cruise prices include all taxes and charges. There are no hidden costs. Once paid, the price of your cruise remains fixed for the whole season. For our customers in the USA and UK we also offer a fixed rate of exchange for all 2014 prices.
- **Transfers:** here you are in good hands from the word go as we willingly organise transfers to and from the ship's mooring to the airport/station concerned. The most important transfer prices are listed on page 67 of this catalogue.
- **Travel insurance:** we offer suitable insurance packages for each trip and every eventuality, from simple cancellation insurance to a comprehensive worry-free package.
- **Extending your holiday:** contact us if you feel like extending your holiday! By working closely with selected partner hotels, we can quote you excellent prices in Europe's most lovely cities for stays before or after your river cruise. A selection of our partner hotels is listed on page 67 of our catalogue.
- **Amadeus Cruiser Club:** your loyalty pays off, in that right after your first AMADEUS cruise you can join our exclusive Amadeus Cruiser Club free of charge and enjoy all sorts of benefits.

Amadeus Silver, Suite Bathroom

Rooms with a thousand views

Spacious elegance and a special ambience – the atmosphere in our cabins invites relaxation, joy and leisure. Your cabin is just the right place to unwind after an eventful shore excursion and review all you have seen and done during the day; broad, panoramic windows, stylish furnishing with delightful details and – not least – attentive room service, contribute to making your trip a memorable one.

Your window on the world

Take in the views: absolutely all cabins in the AMADEUS fleet are outside cabins and most of them also have large opening panoramic glass fronts with French balconies, giving you incomparable views of the wonderful riverscapes floating by. On our latest flagship, the AMADEUS Silver, all the suites also have exterior walkout balconies with comfortable seating.

A place for day-dreaming

Your comfortable cabin invites you to relax and daydream as well as sleep well at night! Not least because of its comfortable furnishings – top quality beds on all our ships make for nights of sleeping well, leading to good next-day starts. The two beds can be kept apart or linked to form a double bed – you decide which.

Luxurious elegance

All staterooms and suites have a comfortable seating area, an Infotainment system with flat-screen TV, telephone, safe, spacious wardrobe and hairdryer. Each cabin has individually adjustable air-conditioning and a comfortable bathroom with spa-quality toiletries supplied.

Cultural culinary delights

On all our vessels your taste buds go on a voyage of discovery too, as you enjoy the region's culinary delights as well as its scenic delights. You'll be surprised at the, as it were, symphonic temptations that emanate from the kitchen!

Get the day off to a good start by tackling the magnificent breakfast buffet in our elegant Panorama-Restaurant. For lunch there's the choice between varied menus and buffet specialties in the restaurant and a light alternative in the AMADEUS Salon. In the afternoon our experienced patissiers produce exquisite desserts each day and spoil you with lovingly prepared cakes and pastries to go with your tea or coffee.

Our carefully composed evening 5-course menus provide the tastebuds with all sort of surprises. We serve regional specialties of the countries we travel through, sophisticated menus, classic favourite dishes and vegetarian alternatives.

Regional Specialties

What would Vienna be without its famous *Tafelspitz*, France without *coq au vin* and Bavaria without *Frühshoppen*? Our carefully composed menus offer choices of regional specialties prepared only with the freshest ingredients from the places at which we stop - which means you get to know our destinations in culinary ways as well.

Complimentary Wine

On all the cruises in this catalogue dinner on board includes first-class regional and international wines from Europe's best winemaking regions.

AMADEUS HIGHLIGHT

We offer you the opportunity to enjoy dinner in an exclusive, personal setting on very special occasions. Aboard the AMADEUS Silver and AMADEUS Elegant our guests can dine in a private and romantic atmosphere. And on the AMADEUS Silver, coffee lovers can, by way of contrast, get together in the new Café Vienna to savour Viennese coffee specialties and lovingly prepared Austrian pies and cakes.

Let experts extend your horizon

Our excursions: expertly planned ...

À la carte – or in a well-priced set of excursions

Owing to the variety of available excursions it's often difficult to choose between them – so on each cruise we offer up to four tailor-made and carefully composed sets of excursions that you can book in advance at favourable prices. You can, of course, still book all excursions individually, à la carte, for the point is for you to be able to select the shore programme that suits you best.

Experienced tour managers: ashore and on board

Our experienced cruise managers on board look forward to acquainting you with the highlights of the last two millennia of European art and culture and providing you with insights into the life and history of the regions through which we travel. Experienced local tour guides also accompany our shore excursions. With their regional expertise and genuine enthusiasm you can be sure they will take you on inspiring voyages of discovery so that you can gain a full appreciation for the region and its culture.

YOUR AMADEUS AUDIO GUIDE

On all our excursions we include the lightweight cable-free AMADEUS audio system by Quietvox. You carry it comfortably round your neck or in a pocket and its practical headphones enable you to hear clearly what the tour guide is saying all the time. It provides maximum flexibility and convenience without missing a moment of fascinating commentary.

... or explore on your own

The AMADEUS concierge service

Feel like discovering the regions we travel through on your own? In that case we recommend you take advantage of our exclusive onboard concierge service. Whether you just want to make a dinner reservation on shore, stroll around the shops, get tickets to a museum exhibition or plan a private city tour, our experienced and well-connected concierge is on hand to provide recommendations and assistance at any time during your planning and will always have useful addresses available.

Complimentary bikes on board

Away from the normal routes there are also many wonderful sights that are worthwhile seeing. What better way of getting to know a country and its people is there than setting off on an individual shore excursion on a bike? You can borrow one of our onboard bikes, free of charge, if you want to be independent ashore - electrical bikes are also available on request.

Experience culture with all your senses

We want you to experience the diversity of the countries we travel through with all your senses. Throughout your cruise our chefs indulge you with the finest regional specialties and you can see how they are prepared during the special cookery demonstrations staged on board. Interesting lectures by experts bring to life the regional and national histories concerned, while on shore you can take part in exclusive wine tastings and join delightful cultural excursions.

AMADEUS HIGHLIGHT

The "Romance of the Rhine"

The section of the Rhine from Ruedesheim to Bonn forms one of the most fascinating stretches of this trip. In 2002 UNESCO declared part of it, which is known as the "Cultural Landscape of the Central Rhine Valley", a World Heritage Site owing to its cultural diversity. The landscape boasts an extraordinary concentration of monuments and epitomises the romance of the Rhine with its wealth of dreamy castles, fine buildings and riverside villages, with above all the Loreley rock, steeped in legend, attracting visitors from all over the world year after year.

AMADEUS HIGHLIGHT

Bucharest

Each year Romania's capital excites countless visitors with its diverse architecture and its colourful mixture of styles all grouped together; French influence has earned the city the nickname of "Paris of the East", while Oriental and Italian elements can be discerned in it as well. A detour to the imposing triumphal arch is well worthwhile, as does one to the listed Athenaeum or to any of the city's many museums, where internationally acclaimed masterpieces by Rubens, Rembrandt, Monet and Jan van Eyck are to be found, in addition to contemporary Romanian art.

Koblenz

AMADEUS HIGHLIGHT

The most beautiful Christmas markets:

The most beautiful Christmas markets are in fact on the banks of the Rhine and the Danube, one of the oldest and most famous being the one in Nuremberg, which is playfully nicknamed the "little town made of wood and cloth". A stroll through the romantic old town is the ideal way to discover the 180 market stands: Here original Nuremberg gingerbread can be found along with traditional crafts, hand-carved Christmas decorations and regional specialties in the form of sweet delicacies.

The wintry romantic charm of the Alsatian city of Strasbourg takes one by surprise. It has a total of 12 Christmas markets inviting one to stroll through and enjoy them. The tradition of the 'marché de Noël' dates back to the year 1570 and has been taking place every year since. Numerous visitors are delighted by the very special pre-Christmas atmosphere and are enchanted by this Alsatian Christmas wonder world. Strasbourg has deservedly become known in French as the Capitale de Noël!

AMADEUS HIGHLIGHT

Phnom Penh

With a population of two million, Phnom Penh is the capital of Cambodia and the country's cultural and commercial centre. A stimulating mix of styles awaits the visitor, ranging from the most modern buildings to traditional Eastern architectural jewels such as the Royal Palace and the countless Buddhist temples, pagodas and statues. Culture vultures are in their element here as the city's fascinating history has left it with a large number of spiritual buildings to which have been added many museums.

Also, the Tonlé Sap river joins the Mekong in Phnom Penh. This waterway extends over more than 100 kilometres and channels into the Tonlé Sap lake, which is the largest lake in Southeast Asia and has higher fish stocks than most other inland lakes across the world; more than 200 animal species live in and alongside the Tonlé Sap ecosystem, which UNESCO designated a biosphere reserve in 1997.

OPTIONAL LAND PROGRAM

Would you like to see much more of Myanmar's cultural life and scenic beauty? Then choose your own holiday extension from the following shore programme and find out for yourself why the famous words of Rudyard Kipling, written back in 1889, are just as apt today – "This is Burma and it's like no other country you will ever know....":

Yangon [Rangoon] (2 nights):
Absorb Myanmar's largest city and Burma's former capital with its gleaming golden Shwedagon pagoda; this old Buddhist shrine is Yangon's symbol and the country's most important and most famous sacred building, making it the religious centre for the whole country.

Inle Lake (3 nights):
This picturesque freshwater lake lies in the hilly Shan state in Eastern Myanmar. At an altitude of 900m above sea level, Inle Lake is one of the country's major tourist attractions. Its natural villages of houses built on stilts and its floating gardens are fascinating.

Bangkok (3 nights):
Thailand's capital reflects the ambitious progress of this part of the world like no other Southeastern Asian city. Enjoy traditional Thai hospitality and the fascinating contrasts that give Bangkok its special charm.

On request, we will be pleased to send you prices and further information on these programs.

AMADEUS HIGHLIGHT

Bagan and its temples
To the southwest of Mandalay lies the historic city of Bagan, which is known far outside the country's borders as home to more than 2,000 m² brick beautifully preserved temples. This mighty former royal city stretches over an area of more than 36 km² and, because of its incredible number of sacred buildings, ranks among Southeast Asia's most important archaeological sites.
