## Amsterdam

*Year after year this vibrant, fun-loving city attracts and delights countless visitors with its charms and unique sights. It's hard to think of any other major European city which is as varied as this impressive city, with its numerous canals, narrow winding streets and curious business premises. Particularly worth seeing are, above all, the Van Gogh Museum and Rijks Museum, the Anne Frank House, the numerous Amsterdam sacred buildings and the beautifully laid out city parks and gardens. An absolute must on a visit to Amsterdam is going on a canal tour, taking you through the narrow network of canals and giving you a unique perspective of this really beautiful city.*

## Your Cruise

### DAY 1 Amsterdam

Your Tulip Cruise starts out from the Dutch city of canals, Amsterdam, where your AMADEUS vessel awaits. After boarding there's plenty of time in the afternoon to explore your floating hotel before we invite you to join us for a welcome cocktail in the Panorama-Bar in the evening. Afterwards the crew will get you in the mood for your cruise with an exclusive welcome dinner. The vessel will stay in Amsterdam overnight.

### DAY 2 Amsterdam / Volendam

After breakfast those interested can take a city tour of Amsterdam. This is a chance to discover the main sights of this metropolis and pay a visit to the world-famous flower market – and of course a trip on a canal is a must! Alternatively you can visit the world-famous Van Gogh museum – nowhere else in the world are so many works by this Post-Impressionist painter housed under one roof.

At midday the AMADEUS vessel sails from Amsterdam heading north. Here we cross the 1,100 km<sup>2</sup> IJsselmeer and in the afternoon reach the picturesque fishing village of Volendam, the starting point for our trip to northern Holland. After a walk through the village, you'll have the chance to visit a regional cheese dairy to watch Holland's most popular export being made before taking a trip to the small town of Edam with its world-famous cheese market. In the evening you return to the vessel and we set off for Arnhem the same night.

### DAY 3 Arnhem

Take this opportunity to enjoy the impressive views of the river landscapes from the sun deck in the morning. We arrive in Arnhem just in time for lunch at midday. The varied afternoon program has something to suit everyone. There's a trip to the local open-air museum with its 85 historic buildings, offering exciting insight into the daily lives of people in the past, whilst the 'Bridge of Arnhem' tour takes visitors to this former Second World War battlefield and includes a trip to the Airborne Museum Hartenstein. Art enthusiasts are recommended to visit the Kröller Müller Museum in nearby Otterlo. This is home to the world's second largest Van Gogh collection and its special highlight is undoubtedly the 25 ha sculpture park. In the evening we leave Arnhem and set off for Middelburg.

### DAY 4 Middelburg

We arrive in the small town of Middelburg at midday on the fourth day of your trip. Two different excursions are on offer in the afternoon, both equally appealing. During a tour of the town you can visit the smallest university in the country as well as gain an insight into the rich history of the town with its impressive monuments and picturesque facades. Alternatively you can take a trip to the imposing Delta Works – a

Bruges

pioneering architectural project established in 1953 following the devastating flood catastrophe. Today it serves as a protection against flooding and storm surges. Afterwards the trip takes you to the historic trading town of Veere before you return to the vessel and set sail from Middelburg in the early evening.

### DAY 5 Ghent

Overnight we cross the border into Belgium and reach the city of Ghent in the early morning, where the cruise vessel will be docked all day. Those who wish can take a tour of Ghent in the morning and visit the sights of Belgium's third largest city, such as St. Bavo Cathedral with its 85 m clock tower and the city centre which has protected monument status. In the afternoon you can enjoy a tour of the town of Bruges. The centre of this former European Capital of Culture has been a UNESCO World Heritage Site since 2000 and has numerous historic treasures to offer including the impressive Church of Our Lady and the belfry tower, the most important tower in the city, which offers unrivalled views of Bruges from a height of 83 metres and with 366 steps to climb. After the trip there's plenty of time for a gentle stroll through Ghent before your AMADEUS vessel sets sail for Antwerp in the evening.

### DAY 6 Antwerp

*Visit Bruges and experience a fascinating journey back in time to the Middle Ages! The historic centre of the city is extraordinarily well preserved and has been a UNESCO World Heritage Site since 2000.*

Boat cruise through Amsterdam's canals

Keukenhof Gardens, one of Europe's most magical corners

One of the most beautiful tourist attractions in Holland, the Keukenhof, is to be found between Amsterdam and The Hague. The extensive gardens are open from March to May, at which time there are more than seven million tulips, daffodils and hyacinths in full flower, delighting visitors to the park with their magnificent display of colour.

Your AMADEUS vessel arrives in Antwerp in Belgium early in the morning. After breakfast you can explore the city yourself or take a city tour. Antwerp is one of the world's most important centres of diamond trading as well as home to the largest Gothic church in the Netherlands, the 'Onze-Lieve-Vrouwekathedraal' containing some valuable paintings by Peter Paul Rubens. Those interested can take a trip to the Belgian capital of Brussels in the afternoon. Take advantage of this unique opportunity to explore this lively city, capital of the European Union. You'll have the chance to discover world-famous sights such as the Manneken Pis, Atomium and royal residence. When you're back on board, you'll be greeted by the captain inviting you to enjoy an elegant gala dinner before whiling away the evening in the panorama bar while the vessel sets sail for the Netherlands.

### DAY 7 Kinderdijk / Utrecht / Amsterdam

On your penultimate morning we arrive in Kinderdijk, a small Dutch town famous for its windmills were you'll find a total of 19 wind pumps dating from the 18th century. The mills have been replaced by more efficient pumps but many of the old structures still remain and can be visited as part of a tour. Anyone wishing to see these distinctive Dutch landmarks with their own eyes can do so during our morning excursion to Kinderdijk.

At midday the vessel sets sail for Utrecht where the highlight of your Tulip Cruise awaits: a visit to the world-famous Keukenhof flower park. This beautiful green area is only open to guests for 8 weeks of the year and during this time there are more tulips in flower here than anywhere else in the world. Over 7 million bulbs are planted here each year and each season visitors from all over the world come to the Keukenhof flower park to attend more than 30 flower shows and explore a 15 km long network of footpaths and the largest sculpture park in the Netherlands. After this trip a coach will take you to Amsterdam where your AMADEUS vessel is ready and waiting. During your last evening on board you can enjoy a Dutch folklore show in line with the theme of the trip and have a chance to reflect on your adventure-packed day.

### DAY 8 Amsterdam

After breakfast it's time to say goodbye to the crew on board. The disembarkation in Amsterdam takes place in the course of the morning and the AMADEUS team will be on hand to help you with checking out. They're already looking forward to your next visit!

## French flair in Strasbourg

*Strasbourg, the capital of Alsace and at the same time the seat of the most important European institutions, is always worth a visit. This is where the European Court of Justice, the European Council and the European Parliament, amongst others, are situated, which has given the city the sobriquet of 'capital of Europe'. Have a walk or drive round this wonderful place and discover not only the 'modern' Strasbourg, but also the historic Old Town with its enchanting buildings and Strasbourg Cathedral, the city's landmark.*

### DAY 3 Cologne

We arrive in Cologne, Germany's fourth largest city, around midday. Cochem along the Moselle river

Heidelberg, with Heidelberg Castle on the hill and the Old Bridge over river Neckar

The Great Saint Martin Church and the Cathedral in Cologne

*The wonderful Rhine metropolis of Cologne really has a lot to offer! The fourth biggest city in Germany, with more than a million inhabitants, can look back on an eventful past. But you should, of course, also visit the city's landmark, the impressive Cologne Cathedral.*

Mannheim around midday and arrives in Speyer a few hours later. ## Your Cruise

### DAY 1 Amsterdam

You start your European adventure with a relaxed embarkation in the Dutch capital of Amsterdam where the AMADEUS crew welcomes you on board. First you can take a tour of the cruise ship which will be your home for the next two weeks, or take an afternoon stroll to explore the city on your own. After an evening welcome cocktail at the Panorama-Bar, our chef will spoil you with a carefully devised welcome dinner to get you in the mood for an unforgettable trip. The vessel will spend the night in Amsterdam.

*Three rivers converging from three directions characterise the landscape of the three rivers region in Passau and define its unique beauty – the Danube from the west, the Inn from the south and the Ilz from the north.*

Passau

### DAY 2 Amsterdam / Utrecht

In the morning we take a trip around the Dutch capital of Amsterdam. During the tour you'll visit the best-known sights of this lively harbour city and also have the chance to explore the romantic canals of Amsterdam. Afterwards a comfortable coach will take you to Utrecht in Holland where your AMADEUS

vessel is already waiting. At lunch time your floating hotel will set off for the Rhine metropolis of Cologne where we arrive the next morning. You can spend a relaxing afternoon on board admiring the beautiful views of the river landscapes from the sun deck.

### DAY 3 Cologne

After breakfast we arrive in the Rhine capital of Cologne, a fascinating city attracting countless visitors from all over the world each year with its lively history. A guided tour of the city in the morning will take you to the historic old town with its world-famous Cologne Cathedral, listed as a UNESCO World Heritage Site in 1996. In the afternoon we take a trip to Königswinter at the foot of the Siebengebirge hills, some 40 km away. The imposing ruins of the Drachenfels fortress tower over the city, reminding us of the romantic Rhineland poets who once drew inspiration from this site. After an adventure-packed day we return to the vessel in the early evening and set sail from Cologne to the south during dinner.

### DAY 4 Koblenz / Rüdesheim

We reach Koblenz in the early morning. Here you can take a guided walking tour after breakfast, taking in some of the town's most important sights in the 'German Corner' area. Afterwards we visit what's probably the most famous sight along the Rhine – the legendary Loreley in the Middle Rhine valley, associated with the romantic history of the Rhine and renowned for its sad legend. Guests who choose to stay on board in the morning can

admire the imposing views of the Loreley Rock from the water and take part in a tour of the picturesque town of Rüdesheim in the afternoon. This town in the state of Hesse is one of Germany's biggest tourist attractions. The famous Drosselgasse alone attracts over 3 million visitors each year and a visit to 'Siegfrieds Mechanical Music Museum' is highly recommended. In the late afternoon we set off again, switching from the Rhine to the Main.

### DAY 5 Miltenberg / Wertheim

This stage of our journey is all about the towns on the Main. At midday we reach Miltenberg where you can take part in a guided tour through the picturesque alleyways. The medieval town is dominated in particular by the Miltenburg fortress, built in 1200 and towering over everything. We then continue to neighbouring Wertheim where you can enjoy a walk around the town and then pay a visit to the famous Wertheim glass museum. In the meantime the ship will continue to Wertheim and before dinner will take you further along the Main to Würzburg.

### DAY 6 Würzburg

In the morning we reach the Bavarian city of Würzburg. The romantic landscape indicates that this region is heavily influenced by winegrowing – and so sampling the wines at the historic wine cellars of the Würzburg Residenz palace is a must! Before this, take a tour of the city and discover its most important sights. After lunch, we offer an excursion to the mediaeval town of Rothenburg. This historic old town offers visitors a wide range of memorable buildings such as St. Jakob's church with its distinctive 'holy blood altar' carved by Tilman Riemenschneider. In the evening we set off for Bamberg.

### DAY 7 Bamberg

You'll spend the morning on board enjoying fantastic views of the Main. In the afternoon we arrive in the imperial town of Bamberg, a World Heritage Site since 1993. Our tour of the town is a must and includes the New Residence, Old Town Hall and Imperial Cathedral with its 4 towers. When you're back on board, your AMADEUS vessel will set sail along the Main-Danube canal and there's an evening talk about this important waterway which you're very welcome to attend!

### DAY 8 Nuremberg

Welcome to Nuremberg! After breakfast there's a city tour to some of the most important sights along with a visit to the romantic old town of Nuremberg before returning to your AMADEUS vessel. After lunch you can take a trip to the Nuremberg documentation centre. The former National Socialist Party parade ground extends over 11 km<sup>2</sup> and is currently home

to a memorial site and permanent 'Fascination and Terror' exhibition, providing insights into the dark days and events here during the Second World War. After the trip we return to our vessel which leaves Nuremberg in the early evening. Shortly after we cross the European watershed separating the Main from the Danube.

### DAY 9 Kelheim / Regensburg

In the morning we reach Kelheim where there's a trip to Weltenburg Abbey after breakfast. The Benedictine abbey was founded in around 620 and today is known as Germany's oldest abbey. Enjoy a tour through the holy site and then enjoy a glass of the famous Weltenburg dark beer. The beer's still brewed here today and has won the 'World Beer Award' on many occasions. During your tour your vessel will continue to Regensburg where you rejoin it for lunch. In the afternoon you can take a tour of the town and visit the world-famous Stone Bridge. In the evening there's a Bavarian evening on board in tune with the regional theme while the vessel continues to Passau.

Rhine-Main-Danube Canal

Our next destination is the town of Passau where the Inn, Ilz and Danube rivers join. You can participate in a guided walk to learn all about the town's lively history. Alternatively you can take a day trip to the Mozart city of Salzburg, home to one of the best preserved city centres to the north of the Alps. While you're out, your AMADEUS vessel will continue to Linz where passengers can re-join the ship in the evening after their excursions. Those who do not opt for the Salzburg trip can take a tour of Linz in Upper Austria before the vessel sets sail for romantic Wachau in the evening.

### DAY 11 Melk, Emmersdorf / Dürnstein

In the early morning we arrive in Melk/Emmersdorf based in the world-famous cultural landscapes of Wachau. Here those who wish can take a trip to the Benedictine Melk Abbey which introduces guests to its lively history in a refreshingly modern way in the

abbey museum. After the trip we set sail again and in the afternoon reach Dürnstein, probably the best-known wine-growing region in Wachau. Here you can visit the romantic old town and find out what once linked proud Richard the Lionheart with this small town. After a wine tasting session, it's time to return to your vessel which sets sail from Wachau to Vienna overnight.

DAY 12 Vienna

Today is all about exploring the Austrian capital. In the morning you can enjoy a city tour, taking in some of the best known monuments and magnificent buildings in this Danube metropolis. In the afternoon there's a trip to the majestic Schönbrunn Palace with its imposing gardens (one of Vienna's most beautiful buildings) and in the evening you can enjoy a performance of 'Sound of Vienna' at Vienna's Kursalon where the 'Alt Wien' orchestra plays popular melodies from Vienna's classical era. The vessel leaves Vienna after midnight and crosses the border into Slovakia.

DAY 13 Bratislava

We arrive in Bratislava during breakfast. In the morning you can take a coach tour to visit some of the main sights in the Slovakian capital, not forgetting a detour to the world famous Bratislava Castle. At lunchtime we return to the vessel before taking a trip to the imperial Schloss Hof palace in the afternoon, Austria's largest rural castle and at one time the country estate of Empress Maria Theresia. This evening, the exclusive captain's gala dinner takes place on board as your vessel leaves Bratislava for Hungary.

DAY 14 Budapest

This final stage takes you to the magnificent Hungarian capital of Budapest in the morning. You can take a guided tour to explore the city's fascinating sights. In the afternoon there are two equally exciting excursions to choose from. The tour to Gödöllő Castle combines culture with entertainment and, after a tour of the castle, we take a detour to a typically Hungarian farmyard where a lively horse show awaits! The alternative program includes a trip to the artists' colony of Szentendre with its numerous galleries and museums, including that of the famous ceramics artist Margit Kovács. During your last evening on board you can enjoy a Hungarian folklore show followed by a romantic evening cruise through Budapest.

## Avignon

*The really beautiful city of Avignon, with its winding narrow streets and numerous palaces and churches, is to be found in Provence in the South of France. Standing imperiously right by the banks of the Rhône is the imposing Papal Palace dating from the 14th century, which was used as the residence for various popes and antipopes between 1335 and 1430. Like the rest of Avignon's historic Old Town, the Papal Palace is today also a UNESCO World Heritage Site and is considered to be one of the most impressive Gothic buildings in the world.*

## Your Cruise

### DAY 1 Lyon

Your cruise through the sunny south of France starts as you board in Lyon in the afternoon. The crew of the AMADEUS Symphony awaits and is on hand to help you with check-in. Then there's time to explore the cruise ship before you're invited to the Panorama-Bar for a cocktail reception. In the evening an elegant welcome dinner is served in our restaurant before the AMADEUS Symphony sets sail for Mâcon.

### DAY 2 Mâcon

In the morning the vessel reaches the town of Mâcon in southern Burgundy. You can enjoy an excursion into the surrounding Mâconnais wine country before lunch to explore the magical vineyards and be captivated by the Mediterranean charm of this unique region. The program also includes a visit to the regional wine museum which provides plenty of information about the history of wine production in Burgundy. Then it's time to return to your AMADEUS vessel for lunch before taking a guided tour of the Cluny Abbey ruins in the afternoon. During the Middle Ages up to 10,000 monks lived at this site which was largely destroyed during the French Revolution. The abbey was once the spiritual centre of Europe, as is reflected by the remains of the five-aisled church building. In the evening you return to the vessel and set sail from Mâcon upstream along the Saône.

### DAY 3 Chalon-sur-Saône / Tournus

On the third day we reach Chalon-sur-Saône, the second largest city in Burgundy and the northernmost point of our trip. The best way to explore the beauty of the region is the 'Beaune and Burgundy' trip which takes you to the world-famous wine-growing regions of Pommard, Chassagne and Puligny in Beaune (known as the 'wine capital of Burgundy'). There's also a chance, of course, to sample the regional wines after the tour! Those who wish can take a trip in the afternoon to the mediaeval town of Brancion further south which is home to an intact 12th century church. From here it's on to neighbouring Cormatin, where the world-famous Cormatin moated castle is situated on an island on the river Grosne. Built in the 17th century, the protected monument attracts over 70,000 visitors each year. At the end of your trip, a comfortable coach will transport you back to Tournus where the AMADEUS Symphony awaits, ready to set sail back to Lyon.

### DAY 4 Lyon

Early in the morning, we reach Lyon – the city where the Saône and Rhône rivers meet. Lyon is France's third largest city after Paris and Marseille and is renowned for its exquisite cuisine and the beautiful old town which was listed as a UNESCO World Heritage Site in 1998. During a morning tour you can

Burgundy

explore the city's monuments and sights, including the imposing Notre Dame de Fourvière basilica, the Roman theatre and the 'Vieux Lyon' quarter. Around midday the vessel will leave the city and head off along the Rhône towards Avignon where you arrive the next morning. The afternoon on board is ideally spent on the sun deck, offering fantastic views of the delightful river landscapes of southern France.

### DAY 5 Avignon

This morning we arrive in Avignon, the town of the popes. No other town in France had such an enormous significance for the clerical world during the Middle Ages as Avignon. You can discover the history of the town and the lives of the 7 popes who once resided here during a tour of the winding alleyways and a visit to the Gothic Papal Palace. A visit to the world-famous 'Pont d' Avignon' is also a must during this walking tour of the town. The bridge is the subject of a popular folk song and once spanned the river Rhône. Of the 22 bridge arches which once existed here, only 4 remain. The afternoon also focuses on an architectural masterpiece, taking you to the 'Pont du Gard' monument 25 km away: this three-level aqueduct was originally 50 km long and was constructed over 2,000 years ago in Roman

*Some of the most beautiful and well-known wine-growing areas in the region are to be found up river in the northern part of the Saône. Visit, for example, the stunningly beautiful Mâcon region, known for its Mediterranean ambience and outstanding Chardonnay. You'll be simply enchanted by the magnificent view of the surrounding vineyards and their lovely chateaux and castles!*

'Taste of Provence' on the Sun Deck

times to transport water to the town of Nîmes and other Roman provinces. After the tour we pay a visit to the romantic town of Uzès before heading back to your AMADEUS vessel.

### DAY 6 Avignon / Arles

After all of these cultural highlights the morning is all about exploring the green surroundings. After breakfast, a comfortable coach will take you from Avignon to the Camargue Nature Park built in 1970 and covering an area of approx. 86,000 ha. Each year the unique flora and fauna of the landscape attract numerous visitors to this conservation area, which is renowned in particular for its semi-wild bulls, unique Camargue horses and rare bird species. Afterwards, the coach will take you back to Arles where the AMADEUS Symphony is waiting to welcome you back on board for lunch. In the afternoon you can enjoy a tour of Arles. This small French community has a beautiful historic centre and is renowned in particular for its preserved amphitheatre built by the Romans in around 90 AD and once seating over 25,000 spectators. Afterwards it's time to return to the vessel where we set sail for the medieval town of Viviers after dinner.

### DAY 7 Viviers / Le Pouzin

We arrive in Viviers in southern France during breakfast. This is the starting point for an unforgettable trip to one of the world's most spectacular natural monuments – the Ardèche gorge. It is often referred to as the 'Grand Canyon of Europe' and, with a depth of up to 300 m, impresses both tourists and sports enthusiasts alike. The entrance of the gorge is indicated by the 'Pont d' Arc' – a 60 m high natural stone arch which is the largest natural bridge in the world. Specially designed viewing platforms offer spectacular views of this unique natural wonder. Don't forget to take some photos before you return to the AMADEUS Symphony which has now made its way to Le Pouzin. Your last evening on board involves a special culinary highlight as the captain invites you to a gala dinner. While away the evening in the Panorama-Bar or AMADEUS Club and enjoy the views of the beautiful Rhône river landscapes as your vessel heads north.

### DAY 8 Lyon

After breakfast, we arrive back in Lyon where your tour of southern France comes to an end after an adventure-packed week! The AMADEUS Symphony team thanks you for your stay and wishes you a pleasant trip home!

### Extension in Paris

Having got into your relaxed holiday mood, perhaps you would like to extend it? If so, you could combine your AMADEUS river cruise with a stay at an exclusive hotel in Paris before or after it. We would be delighted to book an exclusive stay for you at our centrally located deluxe partner hotel:  
Les Jardins du Marais \*\*\*\* Paris / [www.lesjardinsdumarais.com](http://www.lesjardinsdumarais.com)

## Paris

*The 'city of light' appeals with its seemingly endless range of sights. The Eiffel Tower (or 'la Tour Eiffel' as the French call it) is probably the city's most significant monument and shapes the Paris skyline with its elegant Art Nouveau design. Gustave Eiffel built the tower (then the highest in the world at 320 m) as a temporary structure for the World Exhibition in 1889 to mark the 100th anniversary of the French Revolution.*

## Your Cruise

### DAY 1 Paris

Boarding of the MS AMADEUS Diamond begins in the late afternoon in Paris. There's plenty of time to get to know your floating hotel before the AMADEUS team welcome you on board with a cocktail in the Panorama-Bar. In the evening, the on board chef will serve a carefully devised welcome dinner. During dinner the vessel will depart from Paris and set off north for Conflans.

### DAY 2 Conflans

During breakfast your vessel will arrive in the medieval town of Conflans. From here you can set off on an excursion which will introduce you to the famous expressionist artists in the small town of Auvers-sur-Oise. Many of the great masters (including Cezanne, Pissarro and Daubigny) moved here, the most famous being Vincent van Gogh whose last resting place is right here in this town. Enjoy a multi-media show at the Château d'Auvers where the modern museum takes you on a trip back to the 19th century and presents some of the greatest French artists and their best-known works. After this trip it's time to return to the AMADEUS Diamond where you can reflect on the memories of the day while the vessel sets off from Conflans in the early evening.

### DAY 3 Rouen / Caudebec en Caux

This morning, we reach the town of Rouen in northern France. During the morning you can take a guided tour to explore the town. A visit to the beautiful medieval town centre is a must, along with the imposing Gothic cathedral and 'Le Gros Horloge', one of the world's oldest astrological timepieces. Also worth a visit is the 'Église Sainte-Jeanne-d'Arc' church where a monument now marks the spot where Joan of Arc was executed. Then it's time to return to the AMADEUS Diamond for lunch before the vessel sets sail for Caudebec en Caux. This small community is the ideal starting point for numerous exciting excursions in Normandy. A tour along the so-called 'Abbey Road' offers a chance to see many of these beautiful buildings: countless churches, castles and abbeys await along this romantic route. Some of the buildings have fallen into disrepair over the course of the centuries, such as the former Jumieges Abbey which is now open to the public.

### DAY 4 Caudebec en Caux

Today there are two excursions to give you a chance to draw inspiration from the magnificent natural landscapes of Normandy. During the morning you can join us on a walk along the coast of Étretat. The steep chalk cliffs with their imposing needle-like formations have inspired many great artists including Boudin, Monet and Manet. In the afternoon those who wish can take a trip to Honfleur. This small town is one of the most beautiful treasures of the

Honfleur

Côte Fleurie and you can take a stroll along the picturesque old harbour basin dating from the 17th century and explore the nostalgic cobble-stoned alleyways of the romantic old town. In the evening it's time to return to the vessel and spend the night in Caudebec en Caux.

### DAY 5 Caudebec en Caux

Today you can choose between two exciting all-day excursions – both equally appealing. The first takes you along the famous Normandy beaches where the allied troops landed in 1944. During the tour you'll visit the landing sites at Pointe du Hoc and Omaha Beach, the American cemetery in Colleville and the former Arromanches harbour which the allied forces built to transport further troops to land. As an alternative, you can take a tour to Bayeux and Caen which focuses on the treasures of the landscape. With lush green meadows, rustic half-timbered houses and apple orchards as far as the eye can see, Normandy quite rightly impresses visitors, year in, year out. You'll visit the historic towns of Caen and Bayeux where you can walk in the footsteps of William the Conqueror, the Duke of Normandy and subsequent King of England. Later you can explore the community of Pont l'Évêque which is famous for its cheeses. It's also home to numerous traditional half-timbered houses which you can admire as you take a gentle stroll through the area. In the evening, you will return to the AMADEUS Diamond before setting sail upstream.

*Normandy is one of the most beautiful parts of France with delightful towns which will impress anyone loving this country. The picturesque harbour town of Honfleur at the mouth of the Seine makes a strong impression with its charming alleyways and picturesque half-timbered houses. Honfleur became known as a centre for artistic activities. Eugène Boudin, who painted coastal landscapes, was born there in 1814.*

The Gros Horloge, a fourteenth-century astronomical clock in Rouen

With its magnificent half-timbered buildings, narrow cobbled streets and the Gothic cathedral, Rouen is more like an open-air museum than a major city.

**DAY 6 Les Andelys / Vernon / Poissy**

This morning your AMADEUS vessel will arrive in Les Andelys, one of the most beautiful towns along the Seine. This is the starting point for a morning excursion to the Château Gaillard (built in 1196), the castle of Richard the Lionheart. Visitors can enjoy breath-taking views of the river and surrounding landscape. The tour then leads on to the town of Giverny, where the famous impressionist Claude Monet lived until his death in 1926. Take a look around his house and the magnificent garden which

Monet's famous garden at Giverny

inspired the artist in many of his paintings. After lunch there's a chance to visit one of the world's best known buildings – the magnificent Palace of Versailles. Originally a small hunting lodge, the palace was extended to its current size under the rule of Louis XIV and is now one of Europe's largest palaces. The tour takes you through the private regal rooms and into the world-famous Hall of Mirrors. A detour to the lush castle gardens is also a must. In the evening it's time to head back to the AMADEUS Diamond with lots of new memories. The vessel travels from Les Andelys via Vernon to Poissy while you're out and, once you're back on board, continues to Paris.

**DAY 7 Paris**

Early in the morning we arrive back in the French capital of Paris where you can choose between several excursions. In the morning there's a city tour taking in the Eiffel Tower, Notre Dame Cathedral and the lively Champs Elysées. In the afternoon we visit the vibrant artists' quarter of Montmartre, based on a hill in the northern part of the city. Alternatively we also offer a visit to the Louvre, home to some of the world's most important works of art such as Da Vinci's world-famous Mona Lisa and Venus de Milo. Or you can set off on a tour of discovery through the aristocratic Le Marais district, known as the Jewish centre of the city and home to some true architectural treasures. As the crowning finale of the cruise, on your last evening you can enjoy a romantic boat trip by night through the illuminated city of Paris, showing off the metropolis in all its splendour.

**DAY 8 Paris**

Now it's time to say 'au revoir', disembarkation beginning after breakfast. The crew of the AMADEUS Diamond wishes you a relaxing trip home!

It quickly becomes clear why at this time of the year this impressive city is known as the 'Capitale de Noël' (capital of Christmas). The centre contains 12 romantic Christmas markets dating back to the 16th century. After this stop, we continue downstream to the delightful town of Rüdesheim, where you can pay a visit to 'Siegfried's Mechanical Music Museum' and enjoy a stroll through the festive illuminations of the Christmas market before returning to Cologne the next morning, where your winter trip comes to an end.
