Summer dreams come true

As *Le Lyrial* sails along the Australian mangroves, the tropical sunshine glitters on the Timor Sea,

A junk glides silently to the heart of the mythical setting of Ha Long Bay,

The warm evening breeze carries the fragrances of the Corsican maquis scrubland and swells *Le Ponant's* sails,

While polar bears roam through a remote inlet in Spitsbergen.

These magical experiences are just some of the PONANT moments that we have been sharing with you, our passengers, for the last 30 years.

For Summer 2017, we have designed a programme of exceptional cruises that are sure to make your dreams come true. Sail the seven seas in our small-scale yachts, enjoying unforgettable encounters and discoveries. On the programme, a new Expedition destination to one of the planet's final frontiers: the Kimberley coastline in Australia. But also a trilogy of consecutive cruises, sailing from Iceland to Quebec in the footsteps of the Vikings, as well as Cape Cod, your brand-new American port of call.

And lastly, the privileged and exclusive discovery of one France's cultural jewels, the vineyards of Château Latour.

Take a read of the pages of this edition and conjure up images of your next travel experiences, the emotions to come, and the memories to build and share with your partner, your family or your friends. And let yourself get carried away...

See you on board very soon.

YACHT CRUISES

Sailing on one of PONANT's ships is a chance to experience a different and exclusive type of cruise, and a concept of travel that is intimate, luxurious and authentic..

WHY CHOOSE PONANT?

For our stunning limited-capacity yachts: you will enjoy sailing aboard the youngest fleet of ships in the cruise sector. Their refined design and smaller size contribute to creating a unique atmosphere and freedom that will have you feeling like you are sailing on a private yacht.

For our carefully planned itineraries and the quality of our guides and lecturers: mythical destinations or little-known ports: the size of our ships means we can drop anchor in places that are inaccessible to our competition's vast ships. Consequently, each season we are able to create for our passengers innovative itineraries that fulfil any longings for faraway lands: as the N°1 polar cruise company, we sail to the Arctic and Antarctic. We also offer relaxing itineraries to the Mediterranean, the most beautiful archipelagos of the Pacific, the enjoyment of the history and cultures in the heart of Northern Europe's countries and the Baltic, as well as journeys of discovery to South America, Asia or South Africa.

For our French style: as our ships fly the French flag, it is only natural that a certain French art of living permeates on board through the main language spoken, the accessible crew, the French design, gastronomy, wines, and the discreet service. Our passengers truly enjoy the relaxed elegance of the atmosphere.

SERVICE ON BOARD

Whichever cruise you take, even to the most extreme destinations, you will experience the same exceptional conditions of comfort and service that make up the PONANT signature; the unique atmosphere that we go to great lengths to preserve to remain loyal to our philosophy: creating that privileged feeling of being aboard one's own private yacht.

THE « FRENCH TOUCH »

What is the “*French Touch*” exactly?

The French Touch is first of all a **French crew** who welcomes you aboard and ensures your wellbeing.

It is also a **French way of life** that we take to sea, where discreet but attentive **service** and excellent **cuisine** naturally take pride of place. Every day our French chefs will take you on an aromatic voyage of discovery, accompanied by selections of **fine cheeses** carefully chosen by our master cheesemongers, delicious artisan breads and rich pastries created by **Lenôte**, all accompanied by a selection of fine wines and completed by a superb “à la carte” **selection of grands crus**, including the prestigious **Château Latour domain. Taillevent** will contribute its wonderful signature through a selection of fine wines by the glass, and **Veuve Clicquot** will add a special touch to our gala cocktails. Lastly, in the afternoon, you will be treated to sweet delights from the famous Parisian pâtisserie **Ladurée**.

The French Touch is also our choice of partners, whose expertise and passion for their field mirror our own quest for excellence: interior design by **Jean-Philippe Nuel**, beauty salons by **Sothy's**, fabrics by **Pierre Frey**, travel beauty from **L'Occitane**, the fragrant aromas of the **Palais des Thés**, or the perfumed atmosphere of **Fragonard**...

A BUTLER SERVICE

To ensure your time with us is perfect, a Butler service is provided for passengers travelling in the suites on Deck 6, offering you a tailor-made and trouble-free cruise. Attentive and discreet, your Butler will be your main point of contact, providing personalized daily service and meeting all your desires efficiently and discreetly.

OUR COMMITMENTS

RESPECT FOR THE ENVIRONMENT

Our excellence of service requires a continuous improvement of our performances in health, safety and environment which are implicit for our clients. Due to the nature of our business, the safety of our vessels is of critical importance. As we sail into sensitive areas, it is essential for us to respect the local environments, including the marine environment, and the local communities where we operate.

PONANT is a member of Charte Bleue d'Armateurs de France, and also belongs to the IAATO (International Association of Antarctic Tour Operators) which is committed to responsible behavior to safeguard the flora and fauna.

IT IS A TRADITION THAT OUR FOUR SISTERSHIPS, AWARDED "CLEAN SHIP" LABEL WILL CARRY FORWARD THANKS TO:

- Dynamic positioning, hence protecting the seabed,
- Electric propulsion system: quiet and economic,
- Diesel engines using MDO (Marine Diesel Oil): not so heavy and less polluting,
- Reduced exhaust emissions,
- Waste and sewage treatment on board,
- Low energy bulbs for lighting.

DAILY, PONANT IS COMMITTED TO:

BEING A LEADER IN ENVIRONMENTAL PROTECTION BY:

- Ensuring environmental regulatory compliance in our operations and anticipating new regulations that will impact the way we do our business, and going beyond regulatory requirements for wastewater and waste to improve our recycling and reuse practices in these areas,
- Certifying any new boat with the international label "Clean Ship" as we did for our ships *L'Austral*, *Le Boréal*, *Le Soléal* and *Le Lyrial*.
- Increasing the energy efficiency of our operations and reducing our greenhouse gas emissions.
- Protecting the marine biodiversity and the coastline and developing any techniques, procedures and partnerships to preserve and respect the biodiversity and the communities we visit.

EXPANDING OUR GOOD PRACTICES TO OUR SUPPLY CHAIN BY:

- Ensuring the ethical and transparent management of our relationships with key contractors, suppliers and business partners,
- Developing our sustainable purchasing practices to reduce our environmental footprint, ensuring that products and materials used in our operations are safe and consistent with our commitment to protect biodiversity.

IMPROVING OUR SUPPORT TO LOCAL COMMUNITIES AND BIODIVERSITY PROTECTION:

- By developing initiatives and partnerships to support local communities and protect the marine environments, biodiversity and the coastlines where we operate.

LE CERCLE POLAIRE®

For the last four years, PONANT has actively supported Le Cercle Polaire®, a *think tank* focused on preserving polar environments. To raise awareness among passengers, former Prime Minister and Ambassador of the Poles, Michel Rocard (*Honorary President of Le Cercle Polaire*) is a regular guest of honour on our polar cruises during which he discusses their projects with passengers.

www.lecerclepolaire.com

THE UPERNAVIK FABLAB

The goal of the Upernavik FabLab (fabrication lab) is to train local craftsmen of the Inuit community and give them the means to reproduce emblematic pieces, which can then be sold in European museums. PONANT contributes financially to the FabLab's equipment purchases. In order to increase its support, from May 2014 passengers will be involved too: **for every travel folder sent out in electronic form, instead of paper form, PONANT will donate 10 € to the association.** By opting to receive their travel documents by email, passengers participate in our efforts to reduce our paper consumption and to support the FabLab.

A SUPERB SERIES OF 4 SISTERSHIPS

L'Austral, Le Boréal, Le Soléal & Le Lyrial.

EXCEPTIONAL DESIGN

Fluid lines, streamlined bow, and an appearance enhanced by two glass arches which let in light and provide water views: the exterior lines of these yachts reflect the spirit of a subtly revisited nautical theme.

On board, an elegant selection of fine materials in discreet and soothing shades of taupe, grey, white, and natural wood gives these ships a unique style that is both contemporary and inviting.

SMALL IS BEAUTIFUL

Limited capacity, unique atmosphere, secluded destinations: at a time when giant cruise ships abound, PONANT has chosen to remain true to its philosophy by developing an ultra-modern but always moderately-sized fleet. Thus *Le Boréal*, *L'Austral* and *Le Soléal* boast only 132 cabins and suites, and our latest addition, *Le Lyrial*, has only... 122. The perfect blend of luxury and cutting-edge technology.

Because we are convinced that a responsible approach is required in our quest for excellence, PONANT chose to equip its sisterships with efficient “green” equipment. As a result, they have all been awarded the international “Clean Ship” label.

LE PONANT

An attractive blend of nautical tradition and supreme elegance.

With its low-profile and dynamic lines, its 88 meters (290 ft) of long, streamlined decks, its three masts stretching toward the sky and its sails ready to bellow and fill with wind, *Le Ponant* was the first of the company's ships. It flies the French flag and offers its passengers a refined, intimate and exclusive cruising experience, with only 32 cabins.

You do not need to be familiar with the rudiments of sailing to board this jewel of the fleet: you will not be taking part in maneuvers, but a friendly and approachable French crew is there to explain them all to you. Just like on a private yacht, you will sail with only a limited number of fellow passengers who truly love the sea.

From the huge and aptly named sundeck, enjoy the unique scenery as it unfolds before you. At the back of the ship, the marina platform sits just above the water, inviting passengers to swim, enjoy some water sports, or go diving or snorkeling with an experienced instructor. Lastly, this magnificent yacht's shallow draught, which is perfectly suited to island hopping, will allow you to get as close as possible to the beaches for exceptional moorings.

Le Ponant now offers three categories of cabins:

- On the upper Antigua deck there are 5 cabins, each with a large port hole.
- On the Marie Galante deck, we have created 19 standard cabins as well as 8 new Premium cabins ; these are more spacious and offer our passengers exceptional comfort.

FIVE-STAR EXPEDITION

The PONANT way

When you choose a PONANT 'Expedition' cruise, you are
choosing comfort, refinement and discovery.

Irrespective of the destination, from the icy poles to the great Amazonian rivers,
the remote lagoons of the Pacific or the Papua jungle,
PONANT takes you off the beaten track, as close as possible to nature
and far from maritime route.

YOUR ENCOUNTERS

Sailing to remote and seldom visited destinations allows you to experience spectacular landscapes, pristine beaches and unspoilt wildernesses found nowhere else on earth. It also provides opportunities to discover the ancient customs of many tribes and ethnic groups that continue their rituals on the land of their forefathers. Whether they are Warao, Papuan, Māori, Zulu or Emberá people, you will gain an understanding of their tradition and cultures. During visits to their villages, take time to interact with these warm and friendly people, ensuring rewarding encounters and priceless memories.

SHORE VISITS IN A ZODIAC®

Each day, shore visits in a Zodiac® are organised to take you as close as possible to the fauna and flora of the regions visited. Our Zodiac® are designed to accommodate small groups of 10 passengers. They are easy to step on to from the marina platform at the rear of your ship and they enable fast and safe landings. Our Zodiac® excursions are one-of-a-kind, unforgettable experiences, whether you are landing on a deserted beach in the Maluku islands, observing a colony of seals on the pack ice, or discovering the mangroves of Australia or the magical Arctic glaciers.

YOUR EXPEDITION TEAM

Travelling with renowned anthropologists, marine biologists, historians, botanists, geologists, naturalists and ornithologists, enables you to gain a greater understanding and appreciation of the destinations to create a rewarding and memorable experience. Your Expedition team have been selected for their knowledge and expertise to enhance your experience both on board and in the field, providing fascinating lectures and valuable insight into the culture, history and wildlife of the region. Accompanying you throughout your voyage they are ideal companions for your journey of discovery.

AN EXPEDITION IN REFINED 5* COMFORT

Whichever voyage you choose, you will always find the same exceptional conditions of comfort, service and elegance that have forged PONANT's reputation. Our sister ships have all been awarded Class Comfort 1 certification, allowing them to navigate in the most extreme regions, whilst at the same time offering five-star service and comfort. Aboard you will enjoy a warm atmosphere, a subtle blend of refinement and authenticity. A certain idea of luxury, a different way of travelling...

OUR NEW DESTINATIONS

THE KIMBERLEY REGION

In the heart of Australia's North-West, isolated between the Indian ocean and deserts that seem to stretch on to infinity, lies the Kimberley region, whose boundaries are defined only by vast expanses of wild and untouched land. Considered to be Australia's last remaining virgin territory, this region offers its rare visitors scenery including savannah, deep gorges and tropical plateaux, where only a few Aboriginal tribes live, to the rhythm of the tides. For the first time, aboard *L'Austral*, you will discover this secret part of the island continent, where the 'Dreamtime' still exists.

THE VIKING SAGA

The Viking saga began in 965, when Thorvald Asvaldsson and his companions chose to settle in Iceland. Very quickly, Thorvald's son, Erik the Red, took to the sea to sail towards another strange, as yet unknown land: Greenland. For the first time, we are offering you the opportunity to relive the Viking saga through a trilogy of back-to-back cruises. Aboard *Le Soléal*, set off to discover the West coast of Greenland sail along the East coast, an eternally icy, polar realm. Lastly, you will sail towards the North-American coast, where these proud Scandinavian warriors landed more than 500 years before Christopher Columbus.

CAPE COD & MARTHA'S VINEYARD

Aboard *Le Soléal*, we invite you to approach the delicate Cape Cod peninsula, an extension of the State of Massachusetts which sits on the ocean like a comma. This natural paradise, dotted with the elegant silhouettes of lighthouses was also the refuge of the Kennedy clan and a wonderful source of inspiration for many authors and poets, including Mary Higgins Clark and Norman Mailer. Then discover Martha's Vineyard, a legendary island with long, fine-sand beaches.

CRUISE AND FINE WINES

For the first time, PONANT is inviting you aboard the *Le Soléal* for an oenological cruise between the country where Port wine is made from the grapes grown along the banks of the Douro, and the vast Bordeaux wine estates which produce world-renowned fine wines. In Pauillac, in the heart of the Château Latour vineyard, we invite you to discover all of the stages of the wine-making process, maturation, assemblage (blending) and bottling of the "premier Grand Cru classé", presented to you by a talented expert from the estate.

THE ARCTIC

To the far reaches of polar lands.

From Iceland to Spitsbergen, from Greenland to Baffin Bay, without forgetting the wild lands of Arctic Canada, *Le Boréal* and *Le Soléal* will chart a course that takes passengers to a universe that is out of this world, before sailing on to the secret expanses of Alaska. Whether you have a meditative spirit or an adventurer's soul, aboard our ships, we invite you to travel far from the usual cruise itineraries, in the footsteps of the Explorers who inspired so many travelers.

*An exceptional voyage to the heart of this icy world,
a blend of magic experiences and unforgettable memories.*

WHY THE ARCTIC?

To observe the remotest icy regions

Do not miss the unique opportunity to climb into our Zodiac® dinghies in small groups to get remarkably close to the natural environment. Our Naturalists will accompany you during these exceptional escapades, sharing with you their passion and their knowledge about this little-known region of the world. From unexpected encounters with a colony of sea otters or seal drifting on a piece of ice floe to excursions through the icy giants, each of your excursions out to sea will be different: the promise of a thrilling adventure.

For Iceland, where fire and ice are king

As a land of extremes and contrasts on the edge of the Arctic Circle, Iceland boasts a range of wild and ruggedly beautiful landscapes where wind, stone, fire and ice mingle. Here, the volcanoes, geysers, fjords and wild expanses create a unique, almost surreal atmosphere. This mythical realm shaped by the earth's convulsions and under the influence of elves unfurls an impressive color palette. Discover the land we call "the island of volcanoes", which rose from the Ocean...

For its exceptional wildlife

A land of ice and water, of white deserts stretching into infinity, of turbulent but grandiose coastlines, the Arctic is home to a wide range of wild animals. Whether sailing its deep, cold waters or exploring its snow-covered lands, set off for original encounters with the sea otter, small and curious animal which lives along the coast of Alaska, the astonishing narwhal, the « unicorn of the sea », the arctic fox with its coat that is white in winter and grey in summer, and the majestic polar bear, the unrivalled monarch of the ice.

Meeting the Inuits

For more than 4,000 years, the Inuit people have maintained an ancestral way of life in the midst of the icy vastness of Nunavut territory. Their oral history speaks of a time when Man and nature communicated and where the spirits of the earth and the sea controlled Inuit destiny. The Inuit are skilled craftsmen producing veritable works of art by sculpting walrus tusks or caribou antlers. You will take a trip to meet this warm and hospitable people, who will willingly introduce you to their ancestral culture. A unique experience which will not fail to move you.

For the discovery of Misty Fjords by seaplane

As your cruise progresses, we invite you to take a seat aboard a seaplane for an exceptional journey to the heart of Misty Fjords. Considered a National Monument, these fjords offer travelers visions of long cliffs reaching towards the sky, translucent lakes and waterfalls. Further on, your excursion will take you to the town of Ketchikan, to discover *Totem Bight State Park* and its famous Totem Heritage Centre. Do not miss this unique experience, blending nature and tradition.

THE VIKING SAGA

KULLORSUAQ

Well beyond the Arctic Circle, in the majestic landscapes of Greenland's Northwest, you will find the village of Kullorsuaq, the last bastion of Greenland's traditional hunters. Here is where you will find Greenland's true character... vast mineral expanses, sumptuous mountains, impressive glaciers and, above all, the local population which still lives off fishing and seal or bear hunting. Hospitality and respect for nature are essential elements in the daily lives of these men, who live an austere life. When we drop anchor in this remote part of the world, set off to discover these friendly people who are also talented craftsmen, deftly sewing the furs and skins of marine mammals. This will be a unique and authentic experience.

L'ANSE-AUX-MEADOWS

Located at the Northern extremity of the Newfoundland peninsula, L'Anse-aux-Meadows is listed as a UNESCO World Heritage Site and is the only site known to have been established by the Vikings in North America. Its ancient vestiges provide the very first traces of European presence in the new world. The remains found on this splendid 11th century Scandinavian archaeological site are identical to those found in Iceland. Aboard *Le Soléal*, cruise in the wake of those first Vikings who discovered the tip of North America 500 years before Christopher Columbus.

MONACO GLACIER

Located to the North-West of the Svalbard archipelago, the Monaco Glacier is probably one of Spitsbergen's most beautiful and majestic. Named in honour of Prince Albert I of Monaco, a sailor, it stands as an impenetrable, blue-tinged jagged wall, the last glacier before reaching a latitude of 80° North. Imagine the sound of the ice cracking as it breaks free and crashes into the translucent water. And to make the magical landscape even more perfect, you might be lucky enough to spot bears and whales, as these two animals have a special fondness for this area.

SAILING & ZODIAC® OUTINGS

The Svalbard archipelago has an exceptionally rich human history which begins with the 12th century whalers and includes adventurous trappers, bear hunters, gold prospectors and you, a polar explorer. *Le Boréal's* route will bring you intimately close to the natural colors of the polar region. Between icebergs, ice caps and the sea ice, your days' sailing will be interspersed with unusual excursions, such as outings in Zodiac® inflatables in the early light of dawn. You will spend 8 days sailing in some of the world's most spellbinding waters, gliding between fjords from glacier to glacier, traversing the polar landscape that has, in all its diversity.

José Sarica Expedition Leader

Protecting the environment has been Jose's vocation since he was a child. After studying marine biology and earning a PhD, he trained in animal-assisted therapy in Quebec, where he published numerous articles in international scientific publications. Today, he has been joining us on our polar cruises as an Expedition Leader specialized in cetology.

LE BORÉAL

NUNAVUT TERRITORY

The Canadian Arctic archipelago is a faraway, remote region of frozen earth and sea ice, where intense cold reigns. It is an inhospitable, almost inhuman place and yet the Inuit people have lived here for thousands of years, deeply connected to their "land". This ancestral people survive in the polar solitude and these extreme conditions. "Walrus to starboard, less than 50 m from the ship!" announces our Captain. It's 7.30 in the morning and without a moment's hesitation we slip on our parkas and head to the exterior decks to observe this marine mammal nicknamed the "tooth-walking sea horse". Though more than ten of them are swimming ahead of the ship, three adult males move closer to us. They are so calm that it is hard to tell who is observing whom and they greet us, revealing their magnificent ivory tusks."

EQI GLACIER

"The most beautiful place in the Arctic" is how Paul-Emile Victor described Greenland, a land of great table icebergs and of towering ice formations calved by the giant glaciers. The Egi Glacier is one of the region's most impressive sights. Here, the silence is broken only by the roaring and cracking of the ice. Imagine the vast outline of a glacier, its translucent crystals glowing with an ice-blue fire in the sunlight. Paul-Emile Victor's shelter cannot be overlooked; it was from here that the French Polar Expeditions' anthropological and geographic explorations set off in the 1950s.

ALASKA

With its wide open spaces, gigantic glaciers, jagged mountains, tundra that stretches out to infinity and sparkling lakes, Alaska invites you to journey in the footsteps of the fur traders and gold prospectors! Aboard *Le Boréal*, we invite you to cruise along the East coast of Alaska, whose "Interior Passage" was crafted by the sculpture of imposing glaciers to make room for vertiginous fjords. Here, Nature is shaped by glacier fronts, coniferous forests, and myriad islands and islets where the soft light of the midnight sun lights up the sky and the horizon.

AMERICAN INDIAN TOTEMS

During your cruise, do not miss the chance to discover American Indian culture through the many “totem poles”, mysterious wood sculptures depicting animals. Often considered to be a reference to a place which unites the spirit of a tribe, they represent the spirit of the ancestors. Wolf clan, eagle clan, bear clan... totem animals were often assigned during a vision and told the story or the origin of the indigenous clans. The *Tlingit*, *Haida*, and *Tsimshian* people have very colorful emblems. The origin of totems dates back thousands of years.

THE INSIDE PASSAGE

As *Le Boréal* sails through the Inside Passage, which is fragmented into numerous islets, take the time to observe the landscapes around you. The majestic fjords compete with the abrupt snow-topped mountains for beauty, while the wildlife brings the conifer forests to life. From the exterior decks of *Le Boréal*, enjoy the tranquility of this crossing and immerse yourself in the natural environment, teeming with wildlife: humpback whales, orcas, whales, seals and dolphins will hold no more secrets for you thanks to the enlightening explanations of our naturalist guides during your Zodiac® cruises. And do not forget to look up: bald eagles have also found refuge here in this sanctuary.

BROWN BEAR

Alaska is the archetype of wild lands, and is one of the great unspoiled regions of the world. It is no surprise that Brown Bear has made its home there. A distant cousin of the Grizzly, the brown bear is easily recognised by its imposing size and its brown fur. The arrival of summer is the wake-up call for the brown bear and the crystal lakes and streams are his main larder. A naturally solitary animal, the brown bear can roam nearly 1,000 km during the salmon spawning season to gorge on his favourite delicacy.

SPECIFIC INFORMATION FOR CRUISES INTO THE ARCTIC

- A polar parka will be offered upon your arrival on board the ship for all expedition programs where the logo “parka” appears. We also kindly ask you to follow the dress-code instruction you will find with your travel documents. Don’t hesitate to contact us if needed.
- Expeditions programs include activities such as Zodiac® outings (sometimes with “wet landing”), moderate walks to more active hikes. All this accompanied by your expedition team of naturalist guides. Certain Zodiac® outings will not allow for landings just cruising. Landings will depend on weather conditions, position of ice and winds and the state of the sea. These can force a change of plans at any time.
- Travelling to polar/isolated regions is an exhilarating experience. The raw beauty and untouched wilderness offer an unusual chance to experience a place where there is little evidence of human presence. Inevitably, there are some consequences that come with such remoteness: please remember that you are far from modern hospitals with full medical facilities, thus evacuation is highly expensive. Without the necessary medical coverage, all expenses will have to be immediately paid from with your personal funds. We urge you to subscribe full coverage insurance, choose your insurance company very carefully and be extremely vigilant and ensure your insurance is fully comprehensive.
- Taking into consideration the unusual and exceptional character of expedition itineraries, the calls shown are an indication only. The final route will be confirmed by the Captain and Expedition Leader, who will take into account the touristic quality of the sites and above all, the safety of the passengers. Their decision will be subject to that of local authorities and the expert pilots present on board during the navigation in polar and /or isolated zones.
- By choosing an expedition cruise, passengers agree to follow the rules of good conduct presented by the expedition team during the cruise.
- We remind you that being properly equipped is essential (clothing, sunglasses, etc.) and we recommend bringing binoculars to enable you to observe the wildlife comfortably and respectfully during your excursions and shore visits.

CANADA & NORTHERN USA

Splendours of the New World Territories.

The largest country in North America, Canada can attribute its huge power of seduction to its astonishing natural environment, as well as the exceptional wildlife.

More to the South, after rounding the legendary Cape Cod, don't miss *Le Soléal's* arrival into port in the early morning, when the dawn light sets Manhattan ablaze and introduces you to New York.

The Northern USA and Canada offer a myriad of unexpected delights that, from port to port, will awaken the adventurer that slumbers inside you.

A land of vast expanses, rich in adventures and emotions.

WHY CANADA & NORTHERN USA?

For the splendours of the Saint Lawrence river

Once known as “the river that walks” by the American Indians, this great river with an oceanic appearance, sculpted by the passage of glaciers, offers its visitors a natural setting of unparalleled beauty: high cliffs edge its peaceful shores whilst further inland, the mountainsides are covered in deep green forest. At the heart of this exceptional site, discover one of the richest marine ecosystems in the world, and particularly Tadoussac Bay, where saltwater and freshwater mix, forming a veritable sanctuary for the whales, fin whales and many seabirds that coexist peacefully there.

To celebrate the Canadian independence

To celebrate the **150th anniversary of Canadian independence**, set sail to discover the Far West, where man can only submit and be tamed by a natural world that is so rich and wild. Forests stretching into infinity, hundreds of lakes, thousands of salmon swimming upriver, whales, bears... welcome to Canada! Indians, trappers, gold prospectors and the first colonisers dreamed of conquering this verdant land, a wild vastness of untamed and unique beauty. Here the shining sun seems to refuse to set. The maples and the birch trees, in turn, inflame the hillsides with their fiery palette, an elegant blend of red, yellow and orange.

For Boston, a city of history

The capital of the state of Massachusetts, the city of Boston is unlike any other. Founded during the 17th Century, this likable and friendly city is renowned for the key role it played during the American Revolution and is today considered to be the “cradle of the United States”. Its architecture is a series of contrasts: historical monuments, cobbled streets and redbrick houses stand alongside the many skyscrapers of the city. Allow yourself to fall in love with the various historic districts, the former homes of the first American patriots and relive with us the history of the Independence of the United States of America.

For New York, larger than life

Two silhouettes sitting on a bench, back to the camera, facing the immensity of the city... with George Gershwin's Rhapsody in Blue playing in the background... who doesn't remember this mythical scene from Woody Allen's film, *Manhattan*, which reveals New York's beauty? Always admired, never outdone, New York fascinates its visitors and has provided the setting for scores of films by the world's greatest filmmakers. Enjoy this city nicknamed “the Big Apple” in any season and it will delight you in all sorts of unexpected ways. Walking across the famous Brooklyn Bridge, getting lost in Chinatown, taking a stroll through Central Park, or admire the Statue of Liberty, don't miss your chance to discover “the city that never sleeps”.

For Salem and its legends

Founded in the 17th Century on the site of a former Amerindian village, Salem is fascinating for its unusual history and its “witching” legends. For a time, it was considered to be the most important city along the coast, launching the first trade between New England and China. Of this period of flourishing growth, Salem has preserved an exceptional historical centre, home to museums as well as perfectly preserved private homes. A real source of inspiration for many artists, let yourself be captivated by this picturesque small town and its adventures of pirates and tales of witchcraft.

PERCE

The cliff-top city, sculpted by time and the sea, boasts Bonaventure Island as its fortress and the famous Perce Rock as its stone craft, lying on the sea. This natural phenomenon, entirely surrounded by a ring of arches, is an unmissable location for observing the majestic Northern Gannet, a seabird with a golden head and blue eyes circled with black. Surrender to the quiet calm of the forests and the flowers of the Bonaventure Island National Park, where the contrast of noises and silence joins forces with the colours and shadows of the unspoiled Nature, the undisputable Queen of the region.

LE SOLÉAL

TADOUSSAC

Located at the mouth of the river Saguenay, Tadoussac is the bastion of the history of New-France's colonisation. It is now a national park on one of the most beautiful bays in the world, and the best place to see whales as they gather here to feed before winter sets in. Above the bay, nature has deployed all her forces to bring you a breathtaking panorama of a vast "ocean" and Zodiac® outings will take you as close as it is possible to get to the marine wildlife.

BAR HARBOR

With landscapes that seem to have come straight from a Stephen King novel, made up of long rocky outcrops plunging into the cold waters of the Atlantic, the region of Maine is full of unexpected delights. Bar Harbor is one of them. A seaside resort for aristocrats of another era, this former fishing port, founded in the early 18th Century reveals an atmosphere that is both chic and refined, and over time has become the ideal destination for romantics and lovers of open spaces.

MANHATTAN & BROOKLYN

From the outer decks of *Le Soléal*, do not miss the sight of the sun rising over New York. A soft light gradually illuminates the powdery glass of the high towers while the effervescence of the city dwellers gathers pace in the streets. Come and be part of the life of New York and discover the bustle of Manhattan, the economic and financial capital built around Wall Street, its huge skyscrapers including the Empire State Building, its cultural centre, its restaurants, its avenues and the Statue of Liberty. Then head to Brooklyn, taking the oldest suspension bridge in the United States with its very characteristic architecture, to stroll through the streets of Brooklyn Heights, on the other side of the East River and admire the “brownstones”, the red brick houses in the Gothic, Greek and Federal styles that give this district its historic, bohemian style so appreciated by writers.

MARTHA'S VINEYARD - OAK BLUFF

Located off the coast of Cape Cod in Massachusetts, Martha's Vineyard offers its visitors a condensed version of all that New England has to offer. Discovered in the 17th Century by the explorer Bartholomew Gosnold, it owes its name in part to the many wild vines growing along its high cliffs, producing exceptional landscapes of long sandy beaches stretching as far as the eye can see, lush vegetation and old buildings with grey cedar shingles. During your cruise, discover this island, long associated with the Kennedy dynasty who holidayed here for many years, and particularly the small town of Oak Bluff, known for its famous *Gingerbread Houses*, charming multicolour dwellings of lacy wood.

Reservation and payment of these excursions must be made when booking your cruise or at least 60 days prior to your departure. Full tour program is available on our website www.ponant.com 12 months prior to your cruise. A minimum of participants is required to confirm these programs.

ASIA & OCEANIA

The magical experience
of the Southern hemisphere.

From mysterious Japan to the luxuriant islands of Indonesia, from captivating Vietnam to the wild coastline of Australia, this is an Asia of a thousand treasures that we are inviting you to discover. Aboard *L'Austral*, you will set sail for a cruise of discovery or expedition, which will take you to meet peoples with millennial traditions, a blend of ancestral cultures and modernity. You will get as close as possible to the pristine natural environment and the exuberant plant and wildlife that Europe discovered thanks to the great explorers of the past centuries.

*Visit Asia or Oceania and gain access by the sea
to these distant lands perfumed with exoticism.*

WHY ASIA & OCEANIA?

For a city in perpetual movement : Tokyo

If Japan is a country with a unique culture combining secular traditions and leading edge technologies, nowhere is this more evident than in Tokyo. A city in perpetual movement, Tokyo draws visitors into a whirlwind of sensations. After your cruise, PONANT offers you a unique post-cruise program in the heart of the most bustling of capitals, offering unique contrasts from futuristic towers to ancient sanctuaries, suit-clad businessmen to young women in traditional attire. Allow yourself to fall under its unalterable charm and its old-time atmosphere and make the most of its ancestral traditions and its many World Heritage monuments.

For the nostalgia of Hoi An

Lulled by the quite waters of the Thu Bon River, Hoi An seems to slumber under a spell that made time stand still. This former port city was very prosperous in the 15th century, and rich merchants based their trading posts there, building sturdy wooden houses in bright colors with roofs of ceramic tiles. A sleepy and charming village will transport you back through the centuries to a time where sampans supplied the surrounding markets. From your Danang call, a wander through its car-free streets is the best way to travel through time and discover this gentle nostalgia which has earned it a place on the UNESCO World Heritage list.

For secret Bali, the island of the gods

At the heart of superb landscapes, where the tender green of the terraced paddy fields reflects in the sun, the Balinese people have lost none of their sacred customs. In Bali, under the omnipresent silhouette of the Agung volcano, it is not unusual to encounter a floral procession heading to a ceremony to the piercing rhythm of gongs, surrounded by dancers with gracious gestures. The elegant outlines of the temples, reflect from the surrounding water where lotus flowers are floating. The delicate offerings accumulate at the foot of the multicolour statues to the benevolent gods.

For encounters with remote peoples

Papuans or Aborigines are tribal peoples that still live according to their traditions and ancestral customs. Going to meet them in an unspoiled natural setting means encountering a rich and little-known culture. Still living almost self-sufficiently, these tribes use ancestral hunting and fishing methods and continue to live in Borneo in long traditional homes on stilts, made from wood and banyan leaves, that house many families. These are wild and captivating destinations to which you will have privileged access, thanks to your naturalist-guides, when choosing a PONANT expedition cruise.

To discover the coast of Kimberley

This wild and scarcely-populated region of the Australian continent surrounded by very jagged coastlines that are often only accessible by sea, includes more than 2,600 islands and islets. Long expanses of white sand alternate with mangrove, tropical rainforest and the estuaries of pristine rivers running through spectacular groves of sandstone rocks with brilliant orange and red hues, forming waterfalls. With its unique biodiversity, one of the best-preserved marine environments in the world and large colonies of nesting sea birds, Kimberley is a paradise for animal-watching.

JAPAN

Long cloaked in mystery as a result of being autarchic and insular, Japanese civilization has followed a truly unique path. In the Land of the Rising Sun, the pace is set by both the frenetic energy of the country's major cities with their unique architecture, and the serenity of its gardens, whose secrets are guarded by majestic scarlet "Torii". From Tokyo to Osaka, the new beating heart of the country, through to romantic Kyoto; from sacred gardens to ancient sanctuaries, secular temples, and the delicate landscapes of Nara, Japan offers you fascinating and unique experiences; an exceptionally refined culture.

HIROSHIMA - MIYAJIMA

During your cruise, discover Hiroshima. This is a moving visit; it is impossible to forget the tragic event, the scars of which Hiroshima secretly hides. Not far from here, at the heart of the Inland Sea, Miyajima, the "island sanctuary" will reveal its treasures. In the background you will see the Shinto Grand Sanctuary, whose entrance is guarded by a magnificent vermilion "Torii". Considered to be one of the most beautiful sites in the Japanese islands, you will be transported by the unique character and the serenity of this sacred site.

TAKAMATSU

A former fortified city, ruled over by the Matsudaira clan from the Tamamo castle with its seawater moats, the city is home to one of the most beautiful classic gardens in Japan, the Ritsurin. It was created by the barons of the city at the start of the Edo period, during which time gardening became a profession in its own right. Its landscape incorporates Mount Shiun in the background, an example of what is known as the shakkei technique, which uses the surrounding landscapes to increase the beauty of the gardens.

KANAZAWA

The name Kanazawa or “golden swamp” comes from a legend that tells about a peasant was washing gold dust in a local swamp. Designated by UNESCO as a “City Of Crafts And Folk Art”, for two centuries Kanazawa was an ancient citadel developed around a feudal castle. Discover Kenrokuen Gardens, one of the three most beautiful gardens in Japan. During this visit do not miss the tranquil Shigure Tei Teahouse, a haven of serenity where you can be initiated in the traditional tea ceremony. Far from the frenzy of the imposing Japanese megalopolis, we are inviting you on a journey to the heart of an ancestral Japan.

NOSHIRO - HIROSAKI CASTLE

This castle is one of the most beautiful in Japan. It was built in the early 17th century by the Tsugaru feudal lords who reigned over the region. It is entirely fortified, right down to its foundations, and has remained largely intact since its construction. The castle is remarkable due to its triple moat. It is surrounded by a 49 ha park in which stand 2,600 cherry trees that blossom in the spring, attracting many visitors. Hirosaki is also the setting of a festival during which huge fan-shaped paper lanterns painted with images of warriors or birds are carried in a procession. The rest of the year, they are scattered along the streets surrounding the castle, creating a festive atmosphere for your visit before you head back to your ship in Aomori.

BEPPU

A favourite destination for the Japanese, Beppu is now famous throughout the Japanese archipelago thanks to its *onsen* – volcanic hot springs in which people immerse themselves to relax with family or friends. From Beppu, you will set off to discover a lush, peaceful valley in which sit 60 majestic stone Buddhas carved out of the cliff face between the 12th and 14th centuries. Exuding a soothing air of serenity, the Mangetsuji site seems to have drifted off to sleep in the heart of a dense bamboo forest surrounded by rice fields. Recognised as a *National Treasure* of Japan, this set of sacred sculptures offers travellers a unique, wonderful experience.

HO CHI MINH CITY

Founded in the 17th century, Ho Chi Minh City, formerly Saigon, was initially a small trading port of the Khmer kingdom. A century later, it became the capital of Cochinchina and the largest French colony of the Far East. Its former name of Saigon, which still evokes the mysteries of the East, was a legendary source of inspiration for the novels of the French author Marguerite Duras. From Ho Chi Minh, you will set off to discover the Mekong, the bearer of riches in its bright green surroundings, and also known as the "River of Nine Dragons".

The collection of palaces, homes and tombs make Hue a calm and romantic small city, one that will leave you with a feeling of gentle melancholy.

THE MALUKU ISLANDS

Mountainous and volcanic islands, with craters that are still in activity, the Maluku are also known as the Spice Islands. It was indeed the trade in nutmeg and cloves that made the fortunes of the Dutch settlers in the 16th Century. The natural beauty of these islands is the reward for the traveller, far from the usual tourist circuits. An omnipresent sea and brightly coloured coral reefs offering some of the best diving sites in the world, deserted beaches of immaculate sand edged with coconut palms, the warm welcome of the inhabitants: aboard *L'Austral* you will have be able to visit this natural paradise.

DISCOVERING KIMBERLEY

In 1801, First Consul Bonaparte gave the order to captain Nicolas Baudin to lead an expedition to "New Holland" (Australia), with a scientific, political and commercial objective. The expedition included geographers, cartographers, artists, naturalists, and doctors. Four years later, the scientific learnings from the mission were exceptional, and they introduced eucalyptus and mimosa to Europe but also the Freycinet's map, the first complete map of Australia ever to be drawn. Of this courageous period, a number of French names exist still today along the Australian coast, notably Cape Naturalist and Geographe Bay, after the names of the expedition's two ships.

Aboard *L'Austral*, put out to sea in the wake of the great explorers for one of the last frontiers of the modern world!

ABORIGINAL CAVE ART

During your cruise, discover many caves and rocky overhangs decorated with cave paintings which have been dated to more than 30 000 years ago. The stylised human figures and the details of outfits and weapons looking as though they had been stencilled onto the rocky walls in pigments of deep purple are so many fascinating testimonies to a very rich primitive culture. The Aborigines who still live there are the guardians of these traditions that they will allow you to share by telling you the tales of the "dreamtime", their legend about the origins of the world.

THE HUNTER RIVER & THE MITCHELL FALLS

The Mitchell River National Park is located in one of the most inaccessible regions of Australia; the Hunter River runs through gorges hewn in sandstone, alternating with mangrove forests, as well as parcels of tropical rainforest. But it is above all a site of unique biodiversity, because more than 220 species of birds and 86 species of reptiles and amphibians live there, including the famous salt water crocodile.

THE LACEPEDE ISLANDS

This archipelago of four coral islands bears the name of the famous French naturalist whose work, in particular on cetaceans and fish, drove science forward in the 18th Century. These islands are a *Nature Reserve* and are the most important reproduction site for green turtles along the western coast of Australia, as well as being home to prolific bird colonies. Your naturalist-guides will take you as close as possible to the populations of brown boobies, roseate terns and Australian pelicans. You will also encounter the sooty oystercatcher, easily recognisable for its entirely black body, with a red beak and eyes and pink feet.

TALBOT BAY

This rocky part of the coastline is home to a phenomenon that is unique in the world, caused by the tidal range which, at 11 metres, is one of the highest in the world. The vertiginous cliffs are sectioned by two narrow passages where the sea rushes in with the tide. When the tide goes out, the water rushes out faster on one side than the other, creating the "horizontal falls", a veritable wall of water that is almost 4 metres high, accompanied by titanic whirlpools. The direction of the falls then changes direction, with each change in tide. An excursion will be available in a fast boat, in order to experience the great thrill of this unrivalled spectacle in total security.

NORTHERN EUROPE & THE BALTIC

Celtic shores,
charming nordic capitals.

As lands of legends and romance, the Celtic shores offer travelers a melancholy and wild beauty. We invite you aboard *Le Boréal* and *Le Soléal* to discover itineraries brimming with History, between quiet lakes and ancient castles.

More to the East, you will cruise towards the nordic capitals between Sweden and Denmark via Russia, to introduce you to St Petersburg. Finally, you will sail to Norway, a country famous for its fjords.

*Itineraries punctuated with myths and legends
or the splendor of the Tsars.*

WHY NORTHERN EUROPE & THE BALTIC ?

For the natural beauty of Scotland

Setting sail to discover Scotland means diving deep into a sea of Celtic legends and imagining that you can glimpse the ghosts that haunt the ruins of ancient castles. It also means discovering the grandiose landscapes shrouded in the mist, and catching a distant echo of the bagpipes. The traveller is caught up in a whirlwind of tales and romance, deep in these wild and melancholic lands over which a very particular atmosphere reigns. Between typical villages and mysterious lakes, allow the unique character of Scotland, against a backdrop of legends and ancient traditions.

For the romanticism of Amsterdam

Amsterdam is above all a city of water. Omnipresent, it guides the traveller's steps, from street to street, from canal to canal, its bridges seeming to bend their arches to form allegiances with him. Let yourself fall in love with the grace and romanticism that emanate from this charming scene. Known around the world for its museums and the finest collection of the Dutch and Flemish masters of the golden age, this city is home to many other treasures. Take a stroll through the old district or pay a visit to a diamond house – do not miss this “treasure chest” of the Netherlands.

For St Petersburg's palaces & museums

Grace and nobility... a city of art and history... St Petersburg is a true museum-city, home to Russia's most stunning monuments. Once we have dropped anchor here, we invite you to discover the famous Peterhof Palace, sometimes referred to as “the Russian Versailles”. Farther on, discover the Hermitage Museum. Considered to be one of the most beautiful art museums of Russia and the West, and listed as a UNESCO World Heritage Site, this former palace of the Tsars is now home to 2 million works of art spread across 400 rooms.

For the charm of scandinavian capitals

There are 1001 reasons to venture into Northern Europe...to which the beauty of the Baltic capitals plays its part. Where there once was a vast empire, now small states have re-emerged, whose heritage, with a strong Russian influence, reflects the romantic cultures of the past. Copenhagen, the city of Hans Christian Andersen and the *Little Mermaid*, will be the starting point for your journey towards the Baltic Sea and its cities of unrivalled romantic charm: Tallinn and its sumptuous monuments, Helsinki and its relics or Stockholm and whose narrow streets spread out from the Royal Palace. In their own particular way, each of these unusual capitals will enchant you.

For the vineyards of the Bordeaux region

Wine making in France can be traced to ancient times, around 4000 years ago. Since then, France has distinguished itself from its European neighbours, and today it is in the Bordeaux region in particular that we find wines of a remarkable and unique aromatic freshness. Merlot grapes produce aromas of cherry, spices and chocolate, whilst notes of apricot, almond and honey characterise the Cabernet Sauvignon. During your cruise, visit Pauillac and discover the renowned vineyard of Château Latour, a “1^{er} grand cru classé” with incomparable vintages. A garden of more than 750,000 individual vine stocks, a magnificent mosaic bringing magic to the wines produced here, year after year.

UNESCO

BERGEN

Located at the end of Byfjord, Bergen was the capital of Norway in the 12th and 13th Centuries and has preserved some very beautiful monuments from the time when it was home to royalty. Wandering through Bergen's streets means going back in time, in search of the hidden treasures that have been listed as World Heritage Sites by UNESCO. A veritable open-air museum, Bergen is home to a thriving artistic community of painters, potters, jewellers. The Bergen cable car offers you a splendid panorama over the port and the surrounding fjords. Do not miss the visit to the old quarter with its narrow streets, a testimony of the power of the hanseatic League that controlled trade in Northern Europe at the end of the Middle Ages.

CHATEAU LATOUR

THE VINEYARDS

During your cruise aboard *Le Soléal*, we invite you to partake in a genuine *wine odyssey*. Around Bordeaux via Pauillac, come and discover the characteristics, the specific features and the jealously guarded secrets of these great winemaking regions, where the quality of their vintages is renowned throughout the world.

SAINT-MALO

The mere mention of Saint-Malo's name is enough to plunge us back into the richness of its past. The fortifications stand as testimony to the Malouins' determination to defend their citadel, fought over by France and Britain in turn. When we drop anchor here, immerse yourself in the diversity of its heritage: the time when privateers sailed the oceans in search of trade and victories; the legendary yacht races the port city is still famous for, such as the Route du Rhum; and the final resting place of the French writer François-René de Chateaubriand, who was born here and chose to be buried here anonymously.

BELLE-ÎLE-EN-MER

Lying to the South of Brittany, Belle-Île is very aptly named. The largest of the Ponant islands, it owes its glowing reputation to its exceptional environment and generous natural attributes: pristine moors and dunes, headlands and cliffs cut into granite points, rocky inlets, and sheltered bays with sandy or pebble beaches. Aboard *Le Soléal*, let the wild coastline of Belle-Île-en-Mer surprise you, this little speck of land lying on the ocean, sparkling with colours in the morning light.

UNESCO

DUBLIN

Modern and historic, Dublin is considered to be one of the most beautiful European capitals. Exuding a typically friendly Irish atmosphere, this city with its authentic charm and its colourful streets is particularly well known for the richness of its cultural life. Its unusual past, with both Celtic and Viking roots, can be seen today in the contours of the city, shaped by the events and famous people that lived there. The city glitters with a history that tells of famous authors such as Oscar Wilde, Samuel Beckett, and James Joyce, which has earned it the title of UNESCO City of Literature.

LE SOLÉAL

COBH

From the very endearing small town of Cobh, you will set out to discover Cork, rich with a history that goes back to Viking times. During our visit here, we invite you to take an exceptional trip to Blarney Castle, dating from 1446 and renowned for its legends and its ancient stones. At the end of your visit, do not miss the chance of kissing the "Stone of Eloquence", located at the top of the monument, which legend tells will confer its powers upon you.

LE BORÉAL

CONNEMARA

The abundance of mountains and clouds, peat bogs and lakes, the lingering, changing light between sun and rain, the white sheep wandering the empty russet moors – there is no doubt, you are in Connemara. This region is close to Galway and you should not miss the opportunity to discover the unique landscapes that have earned it the reputation of being the greenest part of Ireland. In a light-filled landscape with colours of infinite nuances, the palette of greens of the vegetation, the charcoal grey of the mountains, the silvery blue of the lakes gleaming in a ray of sunshine, you will fall under the charm of the natural beauty of Connemara, which has often inspired film directors, writers and singers. After rounding a succession of charming lakes you will be face-to-face with one of the most sumptuous marvels of Connemara: Kylemore Abbey. The fairytale history of this abode built in the style of the castles of yore will delight you.

UNESCO

THE ISLES OF SCILLY

Nestling in the clear waters of the Atlantic Ocean, at the south west tip of Cornwall, the Isles of Scilly form a small British island chain whose climate, landscapes and lifestyle are unlike any other and seem to have come straight from an Enid Blyton story. Here, everything resembles a tropical paradise. The long sandy beaches run alongside lush green meadows teeming with semi-exotic flowers, whilst the ruins of ancient castles loom from the tops of the hills. Veritable havens of peace that inspired the legendary Avalon of King Arthur, they are today listed as an Area of Outstanding Natural Beauty and the rugged coastline plays host to wildlife that is as varied as it is exceptional, including the very rare Atlantic grey seal.

UNESCO

ST PETERSBURG

The capital of the Russian Empire St Petersburg has preserved a unique architectural heritage from this era that makes it one of the most beautiful cities in Europe. A vast open air Museum stretching over the banks of the Neva River, its 17th century townhouses, its former palaces of the Tsars, its magnificent Cathedral and, obviously, the famous Hermitage Museum have earned it the status of a UNESCO World Heritage Site. The splendour of the Tsars and the traces of the Russian Enlightenment can still be felt in the atmosphere of the city.

BRUGES

UNESCO

A former Flemish medieval citadel and a UNESCO World Heritage Site, the small town of Bruges has succeeded in preserving the charm of its built heritage. It is also known as the "Venice of the North" because of the canals that run through its historic centre and surround the remains of ancient forts. Do not miss the occasion to stroll along the quays and discover the town's most emblematic sites: the imposing Beffroi tower, some 83 metres high, the Saint Sang chapel and the town hall, a veritable jewel of gothic architecture, dating from the 14th Century. Gentle, romantic Bruges will reveal its secrets to the traveller who lets himself get carried away in the maze of its narrow streets.

THE NORWEGIAN FJORDS

Whether it is Oslo, or the famous Trolls' Path, Norway boasts some of the most beautiful landscapes in the world. Grandiose and majestic, the fjords cut through the green coastline of Norway to offer you a sight of breathtaking beauty. Almost all are listed as UNESCO World Heritage Sites, and these long fingers of sea stretch inland from a ring of rocky islets as far as the snow-capped peaks of the surrounding mountains. Other curiosities include the "Seven Sisters", or "the Bridal Veil", some of the most beautiful of waterfalls that tumble from the top of the cliffs.

THE SHETLAND & THE ORKNEY ISLANDS

Lying at the far North of Great Britain, the Shetland Islands are more evocative of Scandinavia than Scotland. Once refuges for the famous Viking warriors, these tiny islands with their jagged coastlines have preserved many traces of this period, including ancient wooden houses and surprising artistic creations, weather in the cold waters seals, whales and porpoises have taken up residence. Further on, the Orkney Islands rival each other in beauty. These 70 small islands represent an unmissable segment of your cruise, offering you all the beauty of their landscapes.

DOUGLAS, ISLE OF MAN (UNITED KINGDOM)

The world famous TT course *(2 hours)* **€ 145 per person**

During your cruise, accompanied by an experienced pilot you will try your hand at the itinerary taken by these bold motorcyclists in this remarkable race. THE MEDITERRANEAN

Summer ports of call,
a blend of relaxation and culture.

The intense blue of the sea gently undulating towards the horizon, the brilliant white of the chalk cliffs and the hill-top villages of Greece, the ochre and yellow of the façades patinated by centuries of sunshine in Italy or the Adriatic.

The treasures of the Mediterranean are gradually revealed during your 5-star cruise aboard *Le Lyrial* or *Le Ponant*.

Relax into a voluptuous peacefulness, and make the most of our ports of call to admire the marvellous monuments and remains left by three millennia of History.

(Re) discover the cradle of our civilisation from the sea.

For family holidays

The Mediterranean in summer is the ideal time for a family holiday. Istanbul, Athens, Rome: our cruises leaving from these cities, with their fantastic history and heritage, offer unforgettable breaks for both parents and children. Sunbathing and swimming in the ever-blue sea alternate with cultural ports of call, meaning life aboard as a family is a very special opportunity for relaxation. With a games area specially reserved for children plus the organisation of a variety of activities, our company pays special attention to children.

For the splendour of the Isle of beauty

A proud and authentic land placed on the blue waters of the Western Mediterranean, Corsica is the unmissable destination of sun-kissed summer cruises. The Isle of beauty, a blend of craggy rocks and inlets edged in white sand, a land of traditions and a gentle way of life, fascinates and captivates from the very first glimpse. Pristine natural sites, protected wildlife on land and in the sea, and the ever-present maquis scrubland whose aromas of myrtle, juniper and rosemary waft over the deck of *Le Ponant* on the warm evening breeze. From Bonifacio to Calvi, sunshine, swimming and sightseeing are on the agenda.

For the treasures of the Adriatic

A myriad of islands scattered the length of the coast line, crowned by pine trees leaning towards the crystal waters, towns with a rich artistic and cultural heritage proudly displaying their ramparts and their bell towers: the Adriatic knows how to reveal its treasures to travellers who come to visit it in the best way: by the sea. Dubrovnik, surrounded by its city walls, Hvar, the queen of the Dalmatian islands, Kotor, the pearl of Montenegro: a blend of Venetian and Turkish influence, come and discover the Adriatic under a constant azure sky.

For a journey to the sources of Western civilisation

PONANT takes you to Athens and Rome, the two leading cities of Ancient times, each of which in turn dominated and shaped the world. Athens, harmonious and brilliant, the cradle of democracy and philosophy, crossroads of the East and West, offers its grandiose ruins. Whilst in Rome, the Eternal City of emperors and popes, nowhere else in the world can so many artistic and architectural masterpieces be admired in the same place. Choose your summer cruise to discover these peerless capitals from the sea!

For an immersion in Modern Art in Venice

Byzantine, Roman, Gothic, Renaissance, Baroque – for many centuries, Venice has been an artistic melting pot adopting and blending styles and influences. And since the early 20th Century, Venice has maintained that tradition of innovation and of welcoming artists from around the world by becoming the international centre of modern art, during the Biennale. The 2017 edition, from May to November, will be curated by the Frenchwoman Christine Macel, chief curator of the Centre Pompidou in Paris. This will be the opportunity to discover strong and innovative works illustrative of human creativity at the Giardini or the Arsenal.

BAY OF KOTOR

The long walls of the fortified city of Kotor unfurl before your eyes as you admire this medieval construction enclosed between the sea and the rugged cliffs from the decks of *Le Lyrial*. The still, deep waters of the bay plus the clouds of mist floating here and there create a surreal and magical atmosphere. Small islands with churches and fortresses built on them remind us that a proud maritime people has lived here for centuries, in this bay that forms a perfect natural harbour, used by sailors since ancient times. At the crossroads of Latin and Byzantine cultures, you will have the pleasure of observing the natural treasures of Montenegro during an unforgettable journey.

SPLIT

UNESCO

A UNESCO World Heritage site, the city of Split is inextricably linked to its treasure: the immense palace built by the Roman emperor Diocletian. Incorporating baths, a temple, a library and barracks and surrounded by ramparts, this gigantic palace built at the end of the 3rd Century has gradually been transformed, assimilated and adapted by the inhabitants of Split. This combination of remains of the Roman Empire and low-built medieval homes, populated in places with fragrant fig trees, exudes a unique ambiance. You will also fall under the charm of this Dalmatian gem and her two thousand years of history.

HVAR

Occupying a strategic position in the Adriatic, Hvar is considered to be one of the most beautiful islands in the world. It undoubtedly owes this reputation to its marvellous beaches and bays of crystal water, as well as to its rich historical heritage with Greek and Venetian influences. Lavender fields, olive groves, vines and rosemary; the luxuriant Mediterranean vegetation is at its most splendid here, perfuming the warm air.

ROVINJ

Built on a rocky islet linked to the mainland, Rovinj is the most charming of Istria's towns. You will appreciate this cultural centre that is far from the usual tourist circuits. A former fishing village, its narrow winding streets interspersed with covered passages and its keystones decorated with frescoes, Rovinj offers visitors the chance to admire the Venetian architecture of its tall ochre, red and yellow houses with their tiled roofs. The highpoint of your visit will be the Church of Saint Euphemia, with superb views of the rooftops, the isthmus, and the sea.

KRKA NATIONAL PARK

The Krka National Park follows the eponymous river, which runs through deep canyons on its way towards the Adriatic Sea. Over the centuries, limestone dams and barriers have formed, creating spectacular waterfalls. The park boasts no less than seven falls, the most astonishing of which is Skradin, made up of 17 drops totalling 45 metres. The circuit of the visit incorporates picturesque pathways and wooden bridges alongside shores punctuated with washhouses and mills. This will be a moment for immortalising the magnificent panoramas over this magical natural spectacle.

KORCULA

The island of Korcula is truly a secret paradise, scattered with vineyards, olive groves, fragrant forests and coves of calm water. Far from the summer crowds, discover its citadel, like an open-air museum, perched atop a headland overlooking the sea. The birthplace of the explorer Marco Polo, Korcula is a city of ancient buildings with unusual medieval architecture. The heart of the old district boasts an attractive grid of marble-paved streets that have been gently polished by time, punctuated with imposing monuments such as the 15th Century Cathedral of Saint Mark.

UNESCO

ISTANBUL

"Already we see the imperial kiosks and the great harems; then the series of perfectly white palaces with their marble quaysides. And lastly, up and over there, emerging suddenly from the mist that breaks around it, the incomparable silhouette of the Stamboul".

Pierre Loti, *Fantôme d'Orient*

Just like Pierre Loti, you will also fall under the captivating spell of Istanbul, as it hoves into view with the approach of *Le Lyrial* – Byzantia, Constantinople, Istanbul... Greek, Roman and Ottoman, this magical city combines and magnifies the influences that have shaped it, like no other. The Topkapi Palace, the Blue Mosque, the Hagia Sophia are some of the magnificent monuments of Istanbul, without forgetting the Grand Bazaar and its many stalls. An unforgettable encounter with the Bosphorus and its palaces of sculpted wood.

DUBROVNIK

Dubrovnik unfurls its ramparts for you along the Adriatic coast. Carefully restored and a UNESCO World Heritage site, the city formerly known as Ragusa was a republic that rivalled Venice in the 15th Century, monopolising the trade in salt in the Balkans. Of this rich heritage, the Pearl of the Adriatic, nestled in its fortifications, still boasts harmonious façades topped with their famous tiled roofs, and monuments such as the Rector's Palace, combining a refined Gothic style and Baroque sections, as well as the emblematic cloister of the Dominican monastery and its collection of Renaissance paintings. Undoubtedly, one of the highlights of your cruise will be touring the ramparts as the rays of the setting sun set the stones on fire.

UNESCO

ÇANAKKALE AND TROY

Çanakkale is located on both the Asian and European shores of Turkey, at the narrowest point of the Dardanelles Strait, known as Hellespont by the Ancient Greeks. A memorial site for the Battle of Gallipoli, your port of call at Çanakkale will also be the starting point for a visit to Troy, a UNESCO World Heritage destination and one of the best known archaeological sites in the world. This place, where the legend of Paris and Helen and the subterfuge of Ulysses as told by Homer are illustrated in stone, has inspired countless artists over the last three millennia. There is a powerful evocation here that will not fail to move you.

OTRANTO

UNESCO

Along the Adriatic coast, in the most easterly part of Southern Italy lies Otranto, a Greek and Roman city. In the Middle Ages it was one of the most important centres of Byzantine domination. Today it is a veritable artistic and architectural jewel, particularly known for its Byzantine Church of St Pietro which is home to precious frescoes. This peaceful city seems to slumber in the hollow of a natural bay which offers a magnificent view over the crystal waters of the Adriatic Sea. Take your lead from the calm of this little Italian town as it invites you to laze around and take a leisurely swim.

DELOS

Welcome to Delos, a tiny but central island in the Cyclades which, according to legend, was the birthplace of Apollo, the god of beauty and light. The ancient Greeks would gather at the Temple of Apollo and at the time its port was a major player in the trade of grain, oil and wine. Today the island is a vast archaeological site, unchanged for 2,000 years. The city reveals an impressive maze of white stones where it is easy to get lost, just like the pilgrims and merchants of yore, when Delos had such an impact on the Aegean. Dominated and symbolically protected by the famous white marble lions of the Terrace of the Lions, the ancient towns and its houses with their admirably well-preserved mosaics are an invitation to a splendid journey through time.

THE CYCLADES

Spellbinding... Rocky gems hidden among the Aegean Sea, the fifty or so islands that make up the Cyclades owe their name to the Greek word "kyklos" that means circle, just like the ring they form around Delos, the sacred island. Homes with immaculate whitewashed walls built along narrow paved streets that gradually wind their way down to the sea, splashes of colour from the scarlet bougainvillea delight the eye, and in each village we get a glimpse of the blue dome of a church, with cats relaxing in its shade – this is typical Greece, to which you will have privileged access.

KYTHIRA

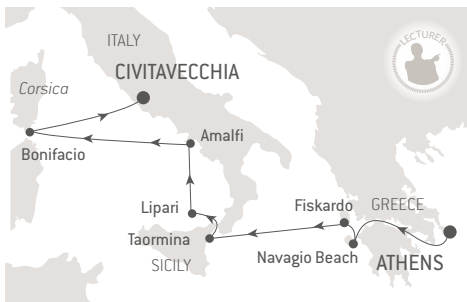

Kythira, birthplace of Aphrodite according to mythology, has inspired poets and painters. Today, it is a charming port of call at the crossroads of Greece's three seas: The Ionian, the Aegean and the Sea of Crete. From the deck of *Le Lyrial*, let your gaze travel over the pine forests of the North of the island, the wild gorges in the South, and the red sandy beaches of Firi Ammos to the East. Villages of dazzling whiteness and unique architecture including Kythira, the capital, as well as the ruins at Milopotamos and Paleohora, are also worthy of a visit.

ROME

UNESCO

It is easy to reach Rome from Civitavecchia. Rome, the Eternal City, is exceptional for its history, its elegance and the richness of its heritage. Rome will cast its spell over you, from the Vatican to the Coliseum, from the Church of the Gesù to the street scenes so brilliantly filmed by Fellini. Take the time to stroll between the ancient monuments, the triumphant Baroque churches and the squares with their majestic fountains, admiring the ever-present parasol pines that punctuate the marble vestiges of a time when Rome was the capital of a powerful Empire.

UNESCO

VENICE

Unforgettable Venice, seeming to float on the waters of the lagoon as the morning mist slowly evaporates around its palaces and churches while *Le Lyrial* gently approaches. Through the various canals and narrow streets, the light plays on exceptionally beautiful monuments, bestowing a glowing halo on utterly charming scenes of daily life. Before your very eyes, Venice, *La Serenissima*, reveals the testimonies to her splendour, magnified by the greatest painters from Veronese to Turner.

From Saint Mark's Square to the Rialto, from the Santa Maria della Salute Basilica to Murano, from the Bridge of Sighs to the markets, Venice is a city to get lost in, thus letting its magic work on you.

Then you can claim, in the words of François Mauriac, "One does not leave Venice, one is torn away. A visit to Venice is like an embrace..."

SIBENIK

UNESCO

Located at the heart of central Dalmatia, Sibenik is proud of its pure Croatian architecture, unlike its neighbours which were founded by the Romans. Behind its walls, along its steep narrow streets with their almost Italian charm, the old town has conserved a prestigious built heritage of churches and palaces dating from the 15th and 16th Centuries. Do not miss the magnificent Cathedral of Saint James and lose yourself in the contemplation of the remarkable ornate frieze of 61 sculpted portraits of women, men and children, illustrating the successful merger of Gothic and Renaissance art.

PULA

Admire Pula, the most Roman of all the cities of Croatia from the deck of *Le Lyrial* as she glides majestically deep inside the gulf of the Istrian peninsula. At crossroads of the Slav and Italian worlds, history is carved into each stone of the many ancient monuments that decorate this pleasant city of cultural festivals. Time seems to have stood still for the emblem of the city: the Roman amphitheatre. Remarkable for its size and for its state of conservation, admiring the triple elevation of its arches in the vibrant light will be one of the most memorable moments of your summer cruise.

LISBON

Lisbon was the departure point for great sea expeditions during the Age of Discovery. The city is home to many architectural treasures reflecting this prosperous period, including the Belem Tower, the Alfama and the Bairro Alto. Not far from there, you will also discover the Jeronimos Monastery, a masterpiece of Manuelian art reflecting the many cultures that shaped this city and its prestigious past. But Lisbon is also synonymous with Azulejos, the famous tiles that colour the city in a harmony of blues, and Fado, the traditional Portuguese singing style which provides evening entertainment here.

From the powerful Atlas to the abrupt mountains of the Rif, the deserts of golden sand, the fertile plains and fine sandy beaches, Morocco is a kaleidoscope that impresses with its landscapes of a rare beauty. Sailing along the Moroccan coast offers a spectacle of ochre and red light against an azure background. Around the ancient medina, Casablanca has transformed into a vibrant economic metropolis that is a fascinating blend of traditional and modern values. NAPLES-POMPEII

Our call at Naples will be the occasion for you to discover the site of Pompeii. On 24 August 79 AD, Vesuvius erupted, freezing this vast and flourishing Roman city under its volcanic ash. Gradually unearthed since the 18th Century, this site is visited as if it were a living book, describing the daily life of an opulent society that at the time dominated the known world. The moving and nostalgic testimonies to Ancient Rome are numerous here: administrative buildings, temples, baths, boutiques, affluent homes – Walking through the streets of Pompeii, discovering the marvellous frescoes and mosaics, the statues decorating gardens and the street stalls, brings us remarkably close to the Roman citizens buried under volcanic ash two thousand years ago. A simultaneously grandiose and intimate experience.

Leave the port of Itea for an unmissable visit to the sacred site of Delphi. A UNESCO World Heritage site, in the 6th Century BC, Delphi was the centre and symbol of the Greek world. Pilgrims thronged to the Temple of Apollo, attracted by the oracles of the god delivered by the Pythia. In perfect harmony with a superb natural environment, the ruins clinging to the slopes of Mount Parnassus dominate the valley: do not miss the chance to admire the panorama, and the sculptures and objects found during the digs. As much for the richness of its remains as for the beauty of its setting, Delphi will remain a strong memory from your cruise.

TAORMINA

In a spectacular setting, perched at 250 metres altitude, Taormina juts out over the sea facing Mount Etna and is renowned for its peacefulness, the beauty of its monuments and gardens and its lively narrow medieval streets. But the jewel in its crown is undoubtedly the ancient theatre, like a gigantic shell placed on the hillside overlooking the sea. Created by the Greeks, reworked by the Romans, it is remarkable for its state of preservation, its perfect acoustics and the extraordinary views towards Etna that you can admire from the top of the tiered stone seats.

EPHESUS

Le Lyrial's call at Kusadasi will open for you the doors to Ephesus, one of the most precious archaeological sites of Western Turkey, once dedicated to goddess Artemis. A pearl of Ionia, the former capital of Asia Minor and often compared to Alexandria and even Rome, Ephesus contains fascinating remains of the triumphant Greek and Roman civilizations. The elegant white Marble Street allows you to discover the Temple of Artemis, and admire the prestigious facade of the Library of Celsus, dating from the IInd Century. Make the most of the shore visit to lose yourself at the heart of this ancient city, which has preserved the distant traces of the former empires.

The huge cliffs with their volcanic hues, combining black, purple-grey and deep red rocks, form precipitous heights on the top of which are perched dazzling white villages. At the North-Western tip of the island, the village of Oia, with its tangle of houses and the blue domes of its churches hanging from the edge of the cliff offer a panorama between sky and sea that literally takes one's breath away.

BONIFACIO

Perched on a narrow rocky headland of white limestone, Bonifacio remains an unmissable destination within an exceptional site, a magnificent "end of the world" at the South of the island. An impressive construction of stone, Bonifacio occupies a very special place in Corsica, this "rose pink pebble on the Mediterranean sea" as Saint-Exupéry described it. Its cliffs eroded by the waves form a natural façade swooping down towards the crystal water, protecting the port built in a magnificent natural calanque or inlet. A veritable fortress sculpted by the wind and the spray, the "sentinel city" will show you its historical centre and its long cobbled streets.

GIROLATA

The village of Girolata is part of the Scandola Nature Reserve, a UNESCO World Heritage site; the twenty or so homes that exist there can only be reached by sea or on foot. The coastline is dazzlingly beautiful, with its red porphyry cliffs plunging into the crystal turquoise water. The vegetation is typical of the Corsican maquis scrubland, with its fragrant myrtles, cistus with their fragile ephemeral flowers and strawberry trees with their tortured trunks, while seabirds can be observed there. The sight of the cliffs of Piana burning under the setting sun is unforgettable for anyone lucky enough to be able to watch from the sun deck of *Le Ponant*.

3. Applicable legislation

3.1 Where CDP acts in the capacity of a Sea Carrier, the contractual relations between CDP and the Traveller shall be governed by the Passenger Ticket and by the provisions of the French Transport Code, and specifically Articles L. 5420-1 to L. 5421-12, by the Application Decree of 31 December 1966, and by the provisions of the London International Convention of 19 November 1976, as well as by the provisions of Regulation 392/2009 issued by the European Parliament and Council on 23 April 2009, where applicable, which form an integral part of the Passenger Ticket.

5. Rates and reductions per person and per cruise

5.1 **Single Supplement**: The single supplement shall apply to any person who occupies a cabin on their own. The Supplement shall apply to the port-to-port section (excluding port taxes) of the Ponant Bonus rate in effect. This supplement may change depending on the occupancy rate of the cruises concerned. It may therefore change for certain categories of cabins and/or suites only, or for an entire cruise at any time with no notice. The single supplement shall be offered in certain cabin categories for a selection of cruises. This selection shall be updated in accordance with the occupancy rate, and can be viewed on our website at www.ponant.com.

5.2 Depending on the occupancy of the ship (with the exception of the LE PONANT yacht) the time of reservation, a “guaranteed” Deluxe Deck 3 cabin may be offered. This formula offers the advantage of potentially benefiting from a cabin in a higher category without a price surcharge. The minimum category selected at the time of booking shall be guaranteed in any event.

6. Passports, Visas and Vaccination Certificates

6.3 CDP shall not be held responsible for the consequences of a Traveller failing to comply with police, customs, or health formalities prior to or during the length of the Services under any circumstances. A Traveller who is unable to board a flight or a ship because they cannot present the documents required may not claim any refund or compensation.

6.4 In any event, Travellers are advised to check all the information with the authorities concerned prior to the departure date. CDP advises Travellers to consult the country factsheets relating to the chosen destinations prepared by the French Ministry of Foreign Affairs on the <http://www.diplomatie.gouv.fr/fr/conseils-aux-voyageurs> website, or to make enquiries by telephone (+33 1 43 17 53 53, French Ministry of Foreign Affairs). CDP specifically draws Travellers' attention to the fact that the information provided may change up until the departure date, and they are advised to consult that information up until the time of departure.

CDP invites Travellers to adjust their behavior to the visited country, to exercise vigilance and to avoid carrying valuable objects during their travel.

7. Embarkation and sea carriage conditions

• General rules

7.1 The Traveller must present themselves for embarkation under the conditions determined by the Passenger Ticket, and at least two hours before the ship's scheduled departure time. The Passenger Ticket and/or the Cruise Ticket issued by CDP shall only be valid for the Cruise and the ship mentioned on the ticket.

7.2 The purpose of the Passenger Ticket is to transport the Travellers and their luggage from the time when they embark at the port of departure to the time when they disembark at their destination.

7.3 All Travellers must hold a valid passport, or an identity card, where applicable, that are valid for six months following the date of their return, together with the visas and vaccination certificates likely to be required in the ports where the ship calls and the port of destination. Every Traveller shall be personally responsible for complying with the legal and regulatory provisions required prior to departure. The Carrier, the Organiser of the Cruise, and/or CDP, and/or the Captain may refuse to allow a Traveller who does not show the documents enabling them to disembark at the port of destination port and at the scheduled ports of call to embark or disembark.

7.4 If a Traveller who has reserved a Cruise solely on a port-to-port basis organises their own air or ground transport to the port of embarkation and/or to their home address, they are strongly advised to purchase changeable and refundable transportation tickets, and to allow for reasonable transfer times between the station, the airport, and the port. In the event of a delay, cancellation or change, CDP shall not be responsible for the transport and Transfer expenses and/or for any other kind of amenities and services not included in the Cruise Ticket that were not directly purchased from CDP. CDP shall not be responsible for any incidents or accidental damage to equipment and/or bodily injury that may occur during travel to and/or from the ship.

7.5 Every Traveller shall guarantee that they are fit to travel by sea, and that their state of health or behaviour shall not harm the other Travellers or the proper performance of the Services agreed and/or proposed. If a Traveller's state of health is likely to limit their ability to enjoy the Services agreed, or to disrupt the proper provision of those Services, they must inform CDP, and must provide a medical certificate certifying their fitness on request. Any health problem, if known, must be mentioned to CDP's Medical Department in writing when Signing the Contract or before the departure of the ship (or prior to the beginning of the Services) at the latest.

7.6 Travellers shall be responsible for Doctor's appointments, medical care, and medication on land or on board the ships. All Travellers must ensure that they are covered by an appropriate medical insurance policy.

7.7 In the event of the threat of an epidemic, the Carrier, the Organiser of the Cruise, CDP, the Captain of the ship, or any other local health authority may demand that the Traveller fill in a health questionnaire and take a screening test, where applicable, before or at the time of embarkation or disembarkation, including during port calls.

7.8 In the specific case of Expedition Cruises, where you are reminded that any medical facilities are several days away by sea, a mandatory full medical questionnaire (a document provided on Signing the Contract) must be filled in by the Traveller's referring attendant physician between 90 and 45 days prior to the beginning of the Services, and must be returned to CDP's Medical Department (medical@ponant.com) by mail or e-mail within 40 days prior to the beginning of the Services at the latest. Any medical certificate issued prior to the determined period shall not be valid. Any Traveller who has not returned their duly completed mandatory medical certificate shall not be allowed to embark, and shall not benefit from any refund.

7.9 Travellers must comply with the rules on board throughout the journey. Travellers are required to attend any safety demonstrations and explanations that are organised on board, and to follow the crew's instructions at all times.

7.10 If they consider it necessary, the Carrier, the Organiser of the Cruise, CDP and/or the Captain of the ship may terminate the contract and refuse to carry any Traveller who does not comply with the conditions for entering into the destination ports, or whose presence on board could be harmful to the comfort, health, and safety of the other Travellers and the crew, breach the laws and rules of the ports where the ship calls, or render the Carrier, the Organiser of the Cruise, and/or CDP liable for the Traveller's legal defence or repatriation. Accordingly, the Organiser of the Cruise, the Carrier, and/or CDP, and/or the Captain of the ship may decide to take the following appropriate measures: Refuse to allow the Traveller(s) to embark or disembark in any port that the ship calls at; 2) Disembark the Traveller(s) at any port that the ship calls at; 3) Transfer the Traveller(s) to another ship; 4) Confine the Traveller(s) on board, in their cabin, or in a cabin managed by the on-board medical team; 5) Have the doctor and their team administer any drugs, medications, or other permissible substances, and/or confine the Traveller in hospital or in any other similar facility at the port of destination if the on-board doctor considers it necessary.

• Disabled Persons and Persons with Reduced Mobility

7.11 Due to safety requirements, every Traveller must be independent, or travel with a person who is capable of providing them with all the assistance required during the performance of

the Services.

7.12 Travellers whose mobility is restricted due to a physical disability or to a condition that requires special treatment and/or special assistance, including people who use wheelchairs, must inform CDP in writing at the time when they make the booking request, or as soon as the Traveller becomes aware of their disability if that disability occurs following the booking, but in any event at least 30 days prior to the beginning of the Services, in order to enable CDP to confirm to the Traveller that they will be physically able to enjoy the Cruise on board the ship and/or the Services agreed, inter alia.

7.13 The Organiser of the Cruise, the Carrier, and/or CDP, and/or the Captain reserve the right to refuse access to Travellers who have failed to inform CDP or the Vendor about a disability or their need for assistance, if such disability and need are not compatible with the applicable safety rules and the specific regulations for the navigation area, or require care that CDP and/or the Carrier would not be in a position to provide, or if the design of the passenger ship, and the port infrastructure and facilities, including port terminals, make the embarkation, disembarkation, or transportation of the person concerned under satisfactory safety conditions impossible.

7.14 Going ashore may be difficult or even impossible for Travellers with Restricted Mobility, or Disabled Travellers, especially in the event of disembarkation in launches or/and excursions in dinghies.

7.15 Once they have received CDP's written agreement, Travellers who use a wheelchair must embark with their own wheelchair, and must absolutely be accompanied by a person who is capable of assisting them at all times. Every disembarkation shall nonetheless be subject to the approval of the Captain.

7.16 The Boréal, the Austral, the Soléal and the Lyrial all have three cabins that are specially equipped to receive Disabled Persons, or Persons with Restricted Mobility. Please note that the Le Ponant yacht specifically does not allow access to Persons with Restricted Mobility or Disabled Persons due to a different design.

• Children and Pregnancy

7.17 Children under three years of age shall not be authorised to embark on the ships. Children aged over three and under eight may only embark on the ships on presentation of an embarkation authorisation, which shall preferably be requested as soon as the child is registered as a Traveller, and issued against a release, and which must be presented at the time of embarkation in all cases, failing which the Organiser of the Cruise, the Carrier, and/or CDP shall not be able to admit the child on board.

7.18 In the case of all the Expedition Cruises, children must be fully independent during all the outside activities organised and during disembarkation in rubber dinghies, be sufficiently tall to sit on the inflatable sides of the dinghies, and old enough to understand, and immediately respond to the orders given by the persons in charge. As a result, children's participation in any activity in an inflatable dinghy shall be subject to the agreement of the Captain and of the Expedition Head, depending on the sea conditions, and the difficulty of disembarking at each location visited.

7.19 Minor children shall remain under their parents or guardians' full and entire responsibility when on board and/or during excursions.

7.20 As the ships do not have any facilities to enable women to give birth on board, women who are over six months pregnant shall not be allowed to embark on the ships. In any event, pregnant women travelling on board the ship are advised to consult a doctor prior to embarkation, in order to ensure that their state of health is compatible with the planned cruise.

• Authorised luggage

7.21 Every Traveller must label each luggage item correctly, and indicate their full name, the name of the ship, their destination, and their cabin number in a highly legible manner. The markings must be visible and permanent.

7.22 Goods, property, and items where the contents may threaten the health and safety of the other Travellers and their Luggage, of persons or of property, and may damage or pollute the ship, inflammable, explosive, corrosive, hazardous, or odorous materials, or materials that are likely to leak, items where importation is prohibited or that do not comply with customs or police regulations, and generally speaking property and items other than those intended for the Traveller's personal use are prohibited on board and in their luggage (hereinafter the "Prohibited Items"). In any event, the Traveller shall be liable for any injury, loss, or damage suffered as a result of the presence of Prohibited Items in their luggage or in their cabin, and shall hold the Organiser of the Cruise, the Carrier, and/or CDP harmless against any proceedings that may be initiated against them as a result of the presence of these Prohibited Items on board or at the time of embarkation or disembarkation. These Prohibited Items may be disembarked, destroyed, thrown into the sea, or rendered harmless at any time and any place by the Organiser of the Cruise, the Carrier, the crew, and/or CDP, without compensation, and notwithstanding payment of any destruction costs by the Traveller.

7.23 Travellers must keep an eye on their luggage and personal effects throughout the length of the Services, including their stay on board and during embarkation, transfer, and disembarkation operations. The Organiser of the Cruise, the Carrier, and/or CDP shall decline any liability for luggage that is left unsupervised by the Traveller, and where the latter has not taken all necessary precautions to avoid theft, loss, or damage. The Organiser of the Cruise, the Carrier and/or CDP shall not be liable for fragile items, jewellery, watches, money, cash, computers and other electronic appliances, mobile 'phones, or any other valuable items that the Traveller has not declared as valuables, and entrusted for custody on board with a descriptive inventory and an estimate, and for which they have not paid the corresponding proportional custody fees.

7.24 Travellers shall be liable under civil and criminal law for any direct or indirect damage that they cause to the Organiser of the Cruise, the Carrier, and/or CDP, and to the other Travellers or third parties. They shall be solely liable for any fine or penalty inflicted by the relevant authorities on their account.

7.25 Travellers shall agree to allow the Organiser of the Cruise, the Carrier, the officers of the crew and/or CDP, together with the customs, health and/or administrative authorities in port of call countries or the State where the ship is registered free access to their cabin, luggage, and personal effects on request and without delay.

7.26 The Organiser of the Cruise, the Carrier, and/or CDP shall not be liable for the damage caused to photographic, telephone, and electronic equipment and cameras that are lost or damaged during the performance of the Services, whether on board the ship or in ancillary facilities, or during embarkation and disembarkation operations, or for any damage caused to items that have fallen into the water.

• Pets

7.27 Pets, including service or medical assistance animals are prohibited on board the ships, and are not admitted for embarkation.

• Smoking policies

7.28 The ships are non-smoking except for the specifically designated areas on the outside decks (the policy also applies to electronic cigarettes).

8. Air carriage

8.1 The full Airline Tickets shall be presented in the form of electronic tickets. The surnames and given names must strictly be those indicated on the Traveller's valid passport. Any error or request for alteration shall result in the purchase of a new Airline Ticket.

8.2 In accordance with French Decree No. 2007-669 of 2 May 2007 regarding the obligation to inform Travellers of the identity of the Airline Carrier, CDP shall inform Travellers of the identity of the known Airline Carrier(s) likely to provide air transportation as at the date when they register. In the event of a change subsequent to the signing of the Contract, CDP undertakes to disclose any changes in the identity of the Airline Carrier(s) prior to departure as soon as it becomes aware of them.

8.3 Airline companies may enter into so-called mutual code-sharing agreements, which consist in marketing a flight under their own name even though it may be operated by an aircraft belonging to another airline.

8.4 The term "direct flight" means that there shall be no change of aircraft, but does not exclude the possibility of one or several stop-overs. The term "non-stop direct flight" means a flight with no change of aircraft and no stop-overs.

8.5 The timetables and types of transport mentioned by CDP shall be those disclosed by the Airline Carriers. They shall therefore be indicative up until the time of departure, and subject to alterations for all kinds of reasons (additional stop-overs, weather conditions, air traffic control authorisations, and strikes, etc.). In accordance with the Warsaw and Montréal Conventions, the timetables and itineraries, and the departure and destination airports shall never be a contractual feature of the Transportation Ticket; under these conditions, CDP cannot be held liable for any changes beyond its control.

8.6 CDP cannot be held responsible for any technical, climate-related or political incident, delay, cancellation or strike, additional stop-over, or change of aircraft or routing, etc that may arise during the air transportation, and no compensation may result on any grounds whatsoever. If a Traveller wishes to waive their right to benefit from a Service, they shall be liable for the cancellation fees set out below.

8.7 The Airline Carrier's responsibility shall be limited in the event of damage, complaints, or claims of any kind, in accordance with the conditions set out on the Airline Tickets. CDP shall not refund any expenses (taxis, meals and hotels, etc.) if the Traveller is under the responsibility of the Airline Carrier. The consequences of any accidents and/or incidents that may arise during the performance of the air transportation shall be governed by the Warsaw and Montréal Conventions, and by the local regulations governing domestic transport systems in the country concerned.

8.8 Depending on the Airline Carrier, the usual baggage allowance on regular international flights (excluding the benefits granted to members of loyalty programmes) is strictly limited to a maximum of 23 kg in the hold and 8 kg in the cabin per Traveller. On regular domestic flights, the allowance usually ranges between a maximum of 15 and 20 kg in the hold. On charter flights operated by CDP, the maximum hold luggage allowance is 23 kg (subject to confirmation by the selected Airline Carrier) and 5 kg for each item of luggage in the cabin. Travellers are advised to pay close attention to this restriction. Airline Carriers do not hesitate to charge additional fees for excess baggage, and sometimes refuse to check luggage that is too heavy or too bulky due to strict security rules. The liability of CDP and of the Airline Carrier cannot be engaged in the event of refusal to check in a Traveller due to the fact that their luggage exceeds the allowance.

9. Transfer of the Contract

9.1 A Traveller may transfer their Contract to a third party who fulfils the same conditions as them for the performance of all the Services, as long as those Services have not begun, in accordance with Article R. 211-7 of the French Tourism Code, and only where this Code applies to CDP.

9.2 The transferor and/or the transferee shall be required to pay the resulting fees. They must inform CDP of this decision by any means that enables them to obtain an acknowledgement of receipt (registered letter with acknowledgement of receipt, e-mail, or fax, etc.) within 60 business days at the latest prior to the beginning of the Services.

9.3 In the event that a Traveller transfers their Contract without informing CDP in accordance with the procedures provided for above, this transfer shall not be valid, and the Services provided for in the Contract shall be cancelled with no possible refund.

10. Cancellation or alteration of the Contract by the Traveller

10.1 Pursuant to Article L. 121-21 of the French Consumer Code, Travellers are informed of the fact that they do not benefit from the right of withdrawal provided for in Article L. 121-17 of said Code.

10.2 Travellers cannot alter the Services provided for in the Contract without CDP's prior agreement.

10.3 If a Traveller alters or cancels a portion or all of the Services provided for in the Contract, shall need to inform CDP via any means that enables them to obtain an acknowledgement of receipt (fax, email, or registered letter with acknowledgement of receipt) as soon as the event resulting in this alteration or cancellation occurs. The date on which the document was sent shall be the date on which the alteration and/or cancellation fees are invoiced.

Requests to alter a cruise shall only be accepted subject to Compagnie du Ponant being informed within a timeframe of at least 90 days before the departure of the cruise, via the means set out above. This timeframe shall be increased to 150 days for Expedition Cruise programmes.

Beyond that deadline, alteration requests shall be considered as cancellation requests, and shall therefore be managed according to Paragraph 10.5, which governs cancellation fees.

The alteration terms and conditions exclusively involve the option for the traveller to replace a port-to-port cruise with another port-to-port cruise with Compagnie du Ponant.

10.4 Alteration fees:

In the event of an alteration involving a higher-value travel package, and subject to compliance with the terms and conditions set out in Points 10.4.a to 10.4.d, no alteration fee shall be applied to the cruise service, or to the other services, (e.g. air travel). The rebooking fees shall amount to the expenses already incurred by Compagnie du Ponant:

10.4.a: The passenger may alter their cruise subject to replacing it with a more expensive cruise than the one that is being replaced;

10.4.b: The departure date of the cruise booked as a replacement must fall within a maximum timeframe of 12 months as from the date when the alteration request was made;

10.4.c: The reservation and payment of the deposit for the replacement cruise must be made at the same time as the alteration request;

10.4.d: The replacement cruise selected shall become non-exchangeable and non-refundable from that point; the passenger may only cancel it.

In the event that the Contract is switched to a Service of a lower value than the initial value, alteration fees shall apply, and shall be equal to those in the cancellation terms and conditions set out in Article 10.5 below. The fee percentage shall then apply to the difference between the price of the initial Service and/or of the new Service.

Specific terms and conditions for an alteration request from Ponant Yacht Club High Admirals

In the event of the 1st alteration of a tourism package: no fees shall be applied to the cruise service, as long as the request is made within a timeframe of at least 90 days before the departure of the cruise. This timeframe shall be extended to 150 days for Expedition Cruise programmes.

Any alteration request aside from the alteration of the 1st cruise shall be subject to the specific allocation conditions set out in Article 10.4 above.

In the case of other services (e.g. air travel), the alteration fees shall amount to the expenses already incurred by Compagnie du Ponant:

10.5 Cancellation fees:

For the Expedition Cruises:

- From the registration confirmation date up to 91 days prior to the departure of the Cruise: 25% of the total amount of the Services;
- Between 90 days and 76 days before the departure of the Cruise: 50% of the total amount of the Services;
- Between 75 days and 61 days prior to the departure of the Cruise: 75 % of the total amount of the Services;
- Less than 61 days prior to the departure of the Cruise: 100 % of the total amount of the Services.

For other cruise programmes:

- From the registration confirmation date up to 91 days prior to departure: 10% of the total amount of the Services;
- Between 90 days and 61 days before the departure of the Cruise: 25% of the total amount of the Services;
- Between 60 days and 46 days prior to the departure of the Cruise: 50 % of the total amount of the Services;

GENERAL TERMS AND CONDITIONS OF SALE

- Between 45 days and 31 days prior to the departure of the Cruise: 75% of the total amount of the Services;
 - Less than 30 days prior to the departure of the Cruise: 100 % of the total amount of the Services.
- For the other Services:

No refund shall be granted for any cancellation or waiver of an airline or ground Service included in the contract, or of any service that forms part of the Cruise, for any reason whatsoever.

10.6 In the event that a Traveller is prevented from taking the Cruise by a force majeure event, or due to their death, the Contract shall be terminated via the notice provided by the Traveller or their beneficiaries prior to the execution of the Contract. One quarter of the price of the Contract shall then be payable to CDP. The same conditions shall apply to the family members of a Traveller who was prevented from taking the Cruise by a force majeure event or who has died, and who were meant to be travelling with them.

10.7 A Traveller who does not present themselves at the departure of a Service, or who finds themselves unable to depart, or decides not to depart for any reason whatsoever, including due to a connection delay, cannot claim any refund.

10.8 Once the Services have begun, the Traveller shall be required to pay the full price of the Contract, regardless of the reason that may lead them to decide to waive it.

11. Cancellation, interruption, or alteration of the Contract by CDP

11.1 The arrival and departure times are provided for information purposes and are not definitive. In its capacity as the Organiser of the Cruise, and/or the Carrier, and/or the Vendor of a Package, CDP cannot guarantee that the times will fit in with (air plane and train, etc.) connection timetables.

11.2 CDP may assign travellers different cabins than those initially provided for.

11.3 CDP reserves the right to interrupt a Cruise or to change its itinerary for any reason that it shall consider valid; in this case, CDP cannot be held liable for any loss or harm.

11.4 Specifically in the event of adverse weather conditions, or due to the political or social situation in a port of call country, or due to any other event that may endanger the safety of the Travellers, property, or the ship, or in the event of orders imposed by public authorities, the Organiser of the Cruise, and/or the Carrier, and/or CDP shall have the option to change the itinerary or the ports of call or destination, to delay the trip or to end it, to divert the ship, to tow another ship or to be towed, to transfer the Travellers and their luggage to any other means of transport, even if such transfer results in extending or shortening the length of the programme.

11.5 The ship may provide assistance to any person or property at sea under all circumstances, and cannot be held liable for the consequences of a change to the Cruise programme for that reason.

11.6 Where CDP is required to alter the Cruise after the Travellers have embarked for reasons beyond its control, the Travellers cannot claim any compensation other than the refund of the Services that were not provided and not replaced, or of the unused portion of the Tickets less any expenses incurred, from either CDP, the Carrier, or the Organiser of the Cruise. Conversely, CDP may ask the Travellers to pay a price supplement corresponding to the additional services provided to the Travellers due to an extension of the trip.

11.7 In the case of external events beyond the control of the Organiser of the Cruise, and/or the Carrier, and/or CDP, or for any reason relating to the safety of the Travellers, or of the ship, or due to an insufficient number of participants, CDP may cancel the Cruise, and must inform the Travellers and/or the Organiser of the Cruise, where applicable, by registered letter with acknowledgement of receipt, or via e-mail, or via a press release.

11.8 CDP's Cruises and other Services are subject to a minimum number of participants.

11.8.1 CDP reserves the right to cancel a Cruise up to 21 days prior to departure if the minimum number of Travellers registered is less than or equal to 50% of the ship's "passenger capacity" (200 Passengers for the Expedition Cruise programs, 244 passengers for the other Cruises on board the Austral, Boréal, Lyrial and Soléal, and 55 passengers for the Le Ponant Yacht).

11.8.2 CDP reserves the right to cancel any other service other than the Cruise if the number of Passengers is less than 20 participants (unless specified otherwise).

11.9 Where CDP is the Organiser of the Cruise, and regardless of the reason for the cancellation, no compensation shall be payable to the Traveller, who shall have a choice between the following solutions: (i) The full refund of the price of the Contract, (ii) another Service at an identical price, (iii) a Service at a lower price, and the refund of the difference in price between the two Services on the basis of the published prices. Travellers must inform CDP of their choice as soon as possible, and in any event prior to the cut-off date mentioned in the cancellation documents.

11.10 The means of transport that are the subject of the Services shall be reserved by CDP in accordance with the terms and conditions of each operator who provides these services. CDP reserves the right to substitute one means of transport for another, or one hotel for another in the same category. In the second case, if the hotel is in a lower category, the excess amount paid shall be refunded to the Travellers.

11.11 All the Services shall be offered within the limit of the places available. If there is no more room in the category proposed, CDP may offer additional places in exchange for a price supplement, depending on availability.

12 Liability

12.1 Where it acts in the capacity of a Sea Carrier, CDP shall be liable for any harm caused to Travellers in accordance with the provisions and compensation limits provided for in the following legislation, depending on their respective scopes of application, namely Articles L. 5421-1 to 5421-8 of the French Transport Code, and (EC) Regulation 392/2009 issued by the European Parliament and Council on 23 April 2009. Where this Regulation is applicable, the compensation limits assigned to the Carrier in the event of death or bodily harm amount to 400,000 drawing rights per Traveller and per event.

12.2 Where it acts in the capacity of a Sea Carrier, CDP shall be liable for any damage caused to luggage in accordance with the provisions and compensation limits provided for in the following legislation, depending on their respective scopes of application, namely Articles L. 5421-9 to 5421-12 of the French Transport Code, Decree No. 67-268 of 23 March 1967, as amended by Decree No. 86-1065 24 September 1986, and (EC) Regulation 392/2009 issued by the European Parliament and Council on 23 April 2009. Where this Regulation is applicable, the compensation limits assigned to the Carrier in the event of loss of or damage to luggage shall be 2,250 special drawing rights for each passenger and trip, while an excess of 149 special drawing rights per Traveller shall be applied in any event. Where (EC) Regulation 392/2009 does not apply, the maximum compensation for loss of or damage to luggage payable by the Carrier shall be €1,520 per Traveller and per trip.

12.3 In any event, where it acts in the capacity of a Sea Carrier, CDP shall benefit from the compensation limits included in the London International Convention of 19 November 1976, as amended by the 1996 Protocol; these limits shall prevail over any other limits determined by legislation where the application is not mandatory.

12.4 Where it operates as the Organiser of the Cruise, CDP shall be liable for any bodily harm or damage to property that occurs on board the ship or in its ancillary facilities or vessels during embarkation or disembarkation, or that occurs during carriage at sea within the same limits and under the same conditions as the Carrier. Where this damage or injury occurs outside such circumstances, but between the beginning and the end of the cruise, the compensation potentially payable to the Traveller by the Organiser of the Cruise and/or CDP shall be capped at 50% of the price of the Cruise.

12.5 Where it is involved in the capacity of the vendor of a fixed-price travel package within the meaning of the French Tourism Code, CDP shall be responsible for any harm or damage caused to Travellers or their luggage within the limits and conditions specified in Article L. 211-16 of said Code.

CDP's liability may specifically not be engaged in relation to the consequences of the following events:

a) Loss or theft of the Tickets, failure to present the correct documents, or presentation of identity or health documents that are out of date or where the validity period is insufficient (identity card, passport, visas, and vaccination certificates, etc.), or that do not comply with the instructions mentioned in the documents delivered to the Traveller;

b) unforeseeable and unavoidable incidents or events that affect a third party to the travel contract (force majeure events). Where a cancellation is required by circumstances that have the nature of a force majeure event and/or for reasons relating to the security of Travellers, and/or as the result of an injunction issued by a French or foreign administrative authority.

12.6 CDP's liability in its capacity as the Organiser of the Cruise, and/or the Carrier, and/or the Vendor of a Package shall be expressly excluded in the case of non-pecuniary losses, loss of enjoyment and so-called punitive and or similar damages.

12.7 Where a Traveller is not allowed to embark on the ship – including after of during a port call – under the conditions mentioned in Articles 6.3, 6.9 and 6.10, neither CDP, in its capacity as Organiser of the Cruise, and/or the Carrier, and/or the Vendor of a Package, nor the Captain of the ship, nor the crew shall be held liable on any grounds whatsoever.

12.8 CDP shall not be held liable for bodily harm, or damage to property or non-physical damage caused by wars, blockades, riots, strikes, social conflicts, acts of piracy or terrorism, epidemics or periods of quarantine, natural disasters and catastrophes, nuclear fusion, fission, pollution or explosion or its consequences, the closure of the port of departure, of call, or destination, the impounding, requisition, or seizure of the ship for whatever reason, the use of the ship for special Government purposes, or due simply to the threat of the above events. Moreover, it shall not be held liable for any harm caused by the Traveller's deliberate involvement in an affray or in a hazardous activity or action that was not rendered necessary in order to safeguard human life.

12.9 CDP shall not be held liable under any circumstances for any damage caused by the interruption and/or the alteration of the trip as the result of a force majeure event, including, wars, blockades, riots, strikes, social conflicts, acts of piracy or terrorism, epidemics or periods of quarantine, natural disasters and catastrophes, nuclear fusion, fission, pollution or explosion or its consequences, the closure of the port of departure, of call, or destination, the impounding, requisition, or seizure of the ship for whatever reason, the use of the ship for special Government purposes, or due simply to the threat of the above events.

12.10 In the event that CDP is responsible for transporting luggage during a period prior or subsequent to the disembarkation of the ship in its capacity as the Organiser of the Cruise, and/or the Carrier, and/or the Vendor of a Package, it shall act as a representative on the Traveller's behalf, and its liability shall not replace the liability of the carriers who are effectively responsible for transporting the luggage.

12.11 Luggage that is not claimed at the time when the ship or any other means of transport arrives shall remain at the port at the Travellers' expense and at their own risk.

12.12 Any delay in delivering the luggage that inconveniences the Traveller may only give rise to the payment of a compensation amount that cannot exceed 20% of the amount that would be payable in the event of the loss of the luggage stowed in the hold under the terms of Article 11.2. CDP reserves a period of 3 (three) months to look for lost luggage.

12.13 Unless a specific written contractual agreement is in place, ground or air transport, Transfers, water sports and scuba diving from the deck, services included in the Pre-and Post-Cruise Services, Excursions and/or Extensions, excursions on land, including, where applicable, the booking of hotels and restaurants and guided tours when booked from the ship with CDP and invoiced by the latter, are supplied by independent service providers who are neither representatives nor employees of the Organiser of the Cruise, the Carrier, the Vendor of the Package, and/or CDP. Travellers shall use these services at their own risk, and CDP shall only be involved as an intermediary, in its capacity as the Organiser of the Cruise, the Carrier, and/or the Vendor of the Package, and shall not assume or engage any liability for the services, regardless of whether such liability involves bodily harm or damage to property, cancellation, delay or a change of programme.

12.14 Any Traveller who takes part in outside activities as part of the Expedition Cruises agrees to take part in them in good faith and solely at their own risk. In this case, participation engages the liability of each participant, in terms of their physical fitness, their safety, their behaviour, and their comfort. Travellers' attendance at the information briefings provided on board is mandatory. The liability of CDP, its Managing Directors, Directors, officers, crew members, and expedition team members, and the activity leaders cannot be engaged in the event of loss or damage suffered while taking part in outside activities offered during Expedition Cruises under any circumstances.

13. Price reviews

13.1 The prices proposed by CDP are established in accordance with the economic conditions on the day when they are published. These economic conditions include, inter alia, the cost of transportation and fuel, the royalties and taxes relating to the services proposed (entry and/or exit duties in the countries visited, airport or port taxes, embarkation or disembarkation taxes, visa fees, and the cost of admission to tourist attractions), and the exchange rates used when setting the price of the programmes. CDP expressly reserves the right to review its prices. Any change in the cost of transportation and fuel, in taxes, royalties, in the euro and US dollar exchange rates, or special drawing rights and visa fees shall be fully reflected in the price of the trips, including travel agents' commissions, where applicable. Where the French Tourism Code applies, CDP also has the option to lower the Price pursuant to Article L. 211-12 of said Code, on the understanding that, in this case, no pricing review may occur less than 30 business days prior to the scheduled departure date.

13.2 Where the French Tourism Code applies, Travellers shall be informed of any increase in the Price via registered letter with acknowledgement of receipt – or via any other means as long as it enables the effective receipt of the correspondence to be provided – on the basis of a notice period of (30) days prior to the departure date. When they receive this notice, the Passenger and/or the purchaser of the Ticket(s) may cancel their contract and receive an immediate refund of the amount paid by informing the Vendor in writing within a period of 7 (seven) days following receipt of the notice of the price increase.

Any daily surcharge (S) in the case of cruise services only shall be calculated as follows:

$$S = \frac{\text{change in the price of fuel}^* \times \text{daily consumption}^{**}}{\text{Capacity of the ship}^{***}}$$

(*): MGO FOB Rotterdam 0.1% in US\$

(**): L'Austral, Le Boréal, Le Soléal and Le Lyrial: 20 tonnes; Le Ponant: 5.5 tonnes

(***): L'Austral, Le Boréal, Le Soléal and Le Lyrial: 200 for Expedition Cruises and 244 for the other programmes; Le Ponant: 55

14. Travel Insurance

14.1 The sale of the Services by CDP does not include any kind of insurance.

19) an undertaking to provide the following information to the purchaser, at least 10 days prior to their scheduled departure date:

Article R. 211-7: The purchaser may transfer their contract for the trip or stay to a transferee who meets the same conditions as them, as long as the contract has not taken effect. Unless the transferor benefits from a more favourable clause, they are required to inform the vendor of their decision via any means that enables an acknowledgement of receipt to be obtained (fax, e-mail, or registered letter with acknowledgement of receipt) at least seven days prior to the beginning of the trip. This deadline shall be extended to 15 days where it involves a cruise. This transfer shall not be subject to prior authorisation by the vendor under any circumstances.

Article R. 211-8: Where the contract includes an express price review option, within the limits provided for in Article L. 211-12, it must mention the specific calculation procedures for the price changes, in the case of both increases and decreases, and specifically the amount of the transportation expenses and related taxes, the currency or currencies that may have an impact on the price of the trip or the stay, the portion of the price to which the change applies, and the exchange rate for the currency or currencies used as a benchmark when determining the price shown in the contract.

Article R. 211-9: Where the vendor finds themselves required to alter one of the key aspects of the contract prior to the purchaser's departure, such as by significantly increasing

the price, and where they ignore the information obligation mentioned in Sub-Paragraph 13) of Article R. 211-4, the purchaser may take the following measures, without prejudice to any appeals for compensation for the loss that they may suffer, and once they have been informed by the vendor via any means that enables an acknowledgement of receipt to be obtained (fax, e-mail, or registered letter with acknowledgement of receipt, etc.):

– either cancel the contract and obtain immediate repayment of the amounts paid with no penalty;

– or accept the change or the substitute trip proposed by the vendor; in that case, an amendment to the contract specifying the alterations made shall then be signed by the parties; any price decrease shall be deducted from the amounts that may remain payable by the purchaser, and if the payment already made by the latter exceeds the price of the altered service, the excess amount must be returned to them prior to their departure date.

Article R. 211-10: In the event provided for in Article L. 211-14, where the vendor cancels the trip or the stay prior to the purchaser's departure, they must inform the purchaser via any means that enables an acknowledgement of receipt to be obtained (fax, e-mail, or registered letter with acknowledgement of receipt, etc.); the purchaser shall then obtain immediate repayment of the amounts paid from the vendor without any penalty, without prejudice to any claims for compensation for any loss that they may have suffered; in this case, the purchaser shall receive a compensation amount that is at least equal to the penalty that they would have paid if they had been responsible for the cancellation on this date.

The provisions of this article shall not prevent the reaching of an amicable agreement with a view to the purchaser accepting a replacement trip or stay offered by the vendor under any circumstances.

Article R. 211-11: Where the vendor finds themselves unable to provide a major portion of the services provided for in the agreement, and which account for a significant percentage of the price paid by the purchaser after the latter's departure, the vendor must immediately take the following measures, without prejudice to the claims for compensation for any losses that may have been suffered:

– either offer services as a replacement for the services provided for, and potentially bear any additional cost, and, if the services accepted by the purchaser are of a lower quality, the vendor must refund the price difference to them as soon as they return;

– or, if they cannot offer any replacement service, or if that service is refused by the purchaser on valid grounds, provide the purchaser with transportation tickets enabling them to return to their place of departure under conditions that may be considered as equivalent, or to another place agreed by both parties, at no additional cost.

The provisions of this article shall apply in the event of non-compliance with the obligation provided for in Sub-Paragraph 13) of Article R. 211-4.

Article R. 211-12: The provisions of Articles R. 211-3 to R. 211-11 must be included in the brochures and the travel contracts offered by the persons mentioned in Article L. 211-1.

Article R. 211-13: The purchaser can no longer claim the benefit of the clause provided for under Sub-Paragraph 20 of Article R. 211-61 once the service has been provided.

On CDP private charter flights, check-in luggage is limited to 23 kg/50lbs and 5kg/11lbs maximum per person as carry-on. We thank you for taking these restrictions into account. Airline carriers charge for extra weight and sometimes refuse, for strict security reasons, to check-in overweight and oversized luggage. CDP and the airline carriers waive all liability for luggage with extra weight that is refused at the check-in.

Meals served on flights and during land programs are simple meals which cannot be compared to the standard onboard the ship.

Travellers are advised to check all the information with the authorities concerned prior to the departure date. CDP advises Travellers to consult the country factsheets relating to the chosen destinations. CDP specifically draws Travellers' attention to the fact that the information provided may change up until the departure date, and they are advised to consult that information up until the time of departure. CDP invites Travellers to adjust their behavior to the visited country, to exercise vigilance and to avoid carrying valuable objects during their travel.

3-4 Shore excursions:

Unless otherwise noted, shore excursions are sold and charged on board and are ruled by general conditions that apply to the contract signed with the local tour operator and the relevant national regulations. The passenger agrees that CDP acts as agent and/or trustee for any person including ground and maritime agents and subcontractors, who provide any service in connection with any part of the cruise.

Excursions can involve activities that may not suit persons with disabilities. Prices are only given as an indication and may change.
